Link to Council's Strategic Plan Outcomes and Priorities

Be healthier and more independent

A joined up approach to **Health, Care and Wellness** that encourages people to take responsibility for their own health and plan for their future, so that we can support those who really need it.

We review our work programme from time to time. Sometimes we change it - if something comes up during the year that we think we should investigate as a priority. Our work results in recommendations for NHS organisations in the county, the County Council and sometimes other organisations about how what they do can be improved, for the benefit of the people and communities of Staffordshire.

Councillor Jeremy Pert

Chair of the Healthy Staffordshire Select Committee

In Staffordshire, the arrangements for health scrutiny have been set up to include the county's eight District and Borough Councils. The Healthy Staffordshire Select Committee is made up of elected County Councilors and one Councillor from each District or Borough Council. In turn, one County Councillor from the Committee sits on each District or Borough Council overview and scrutiny committee dealing with health scrutiny. The Healthy Staffordshire Select Committee concentrates on scrutinising health matters that concern the whole or large parts of the county. The District and Borough Council committees focus on scrutinising health matters of local concern within their area.

They therefore undertook to ensure that such measures on future service reconfigurations were robust, meaningful and took account of local concerns. Other services such as routine GP appointments had adapted/been managed remotely during the crisis in order to comply with social distancing guidelines. In addition, they were pleased to note that Staffordshire NHS Trusts/CCGs had robust plans in place for the recovery period until March 2021 and had refreshed their long-term Plans to take account of the significant change in circumstances which had occurred including identification of future risks and challenges and appropriate measures to mitigate their impact. Also, the joint working which had taken place in Health was noted and welcomed.</p> <p>The Committee went on to make various suggestions as to how the recovery phase could be improved for the benefit of residents in the County and undertook to keep the developing situation with regard to Covid-19 under close scrutiny, as necessary.</p>
