Notes for Members of the Press and Public

Filming of Meetings

Staffordshire County Council is defined as a Data Controller under the Data Protection Act 2018. The County Council has agreed that Public meetings should be the subject of live web transmission 'webcasting'. Fixed cameras are located within meeting room for this purpose.

The webcast will be live on the County Council's website and recorded for subsequent play-back for 12 months. The recording will also be uploaded to YouTube. By entering the meeting room and using the seats around the meeting tables you are deemed to be consenting to being filmed and to the possible use of those images and sound recordings for the purpose of webcasting.

If you have privacy concerns about the webcast or do not wish to have your image captured then please contact the Member and Democratic Services officer named at the top right of the agenda.

Recording by Press and Public

Recording (including by the use of social media) by the Press and Public is permitted from the public seating area provided it does not, in the opinion of the chairman, disrupt the meeting.

Minutes of the Audit and Standards Committee Meeting held on 22 March 2022

Present: Mike Worthington (Chairman)

Attendance	
Ann Edgeller	Janice Silvester-Hall
Bernard Peters	Arshad Afsar

Also in attendance: Lisa Andrews, Debbie Harris, Chris Ebberley and Mark (Ernst Young (external auditors)) Kathy Maitland (for minute no. 153), David Walters (for minute no. 154), Kerry Dove and Sarah Getley (for minute no. 155) and James Cartwright and Tim Cooper (for minute no. 156(a)).

Apologies: Carolyn Trowbridge, Ross Ward, Bernard Williams, Richard Ford, Philippa Haden, Phil Hewitt and Graham Hutton

PART ONE

145. Declarations of Interest

There were no declarations of interests on this occasion.

146. Minutes of the Meeting held on 22 February 2022

RESOLVED – That the minutes of the meeting held on 22 February 2022 be confirmed as a correct record and signed by the Chairman.

147. External Audit Plan 2021/22

Mark Russell from Ernst Young, External Auditors, reported that their audit of the 2020/21 accounts was expected to be completed around the beginning of April however nationally an issue had arisen regarding the treatment of Infrastructure Assets on Balance Sheets. A determination was awaited from CIPFA, which, depending on its complexity could cause a delay in the sign off of all accounts. This, in turn, affected the ability to share an audit Plan for 2021/22.

RESOLVED - That the position be noted and Ernst Young be requested to submit their 2021/22 Audit Plan as soon as possible.

148. Staffordshire Pension Fund Audit Planning Report 2021/22

Mark Russell, External Auditor, reported that, as for the County Councils final accounts, the Staffordshire Pension Fund Audit for 2020/21 was affected by the need to await a determination from CIPFA in relation to the treatment of Infrastructure Assets on Balance Sheets, and the possible actions resulting from that determination. Until the 2020/21 Accounts were signed off it was not possible to provide a 2021/22 Audit Plan.

RESOLVED – That the position be noted and Ernst Young be requested to provide the 2021/22 Audit Plan for the Staffordshire Pension Fund as soon as possible.

149. Review of the Effectiveness of the Audit & Standards Committee

The Director for Corporate Services reported on CIPFA Guidance on assessing the extent to which an Audit and Standards Committee achieved its key purposes of being a leading component in its Councils governance arrangements, monitoring the effectiveness of the risk management and internal control systems in use and protecting the integrity of the financial reporting processes. The guidelines also set out the knowledge and skills required of Committee members to be able to successfully achieve these objectives.

The Director submitted the results of a detailed assessment of this Committee highlighting changes and advances made under an Action Plan devised after similar exercises in 2018 and 2019. Changes included the production of an annual report on the committee's work. Members noted the importance of them having the necessary skills and knowledge to fulfil their roles and welcomed the proposed use of the CIPFA knowledge and skills framework to identify training and development needs.

RESOLVED – That the report be noted and a further assessment be undertaken in 12 months' time.

150. Audit and Standards Committee Forward Plan 2021/22

RESOLVED – That this Committee's Forward Plan for the period to May 2022 and the proposal to increase the number of meetings held in 2022/23 to better accommodate the anticipated workload, be noted.

151. Exclusion of the Public

RESOLVED – That the public be excluded from the meeting for the following items of business which involve the likely disclosure of exempt information as defined in the paragraph of Part 1 of Schedule 12A (as amended) of the Local Government Act 1972 as indicated.

The Committee proceeded to consider the following items:

152. Exempt minutes of the Audit and Standards Committee 22 February 2022 (exemption paragraph 3)

153. Counter Fraud Report - Cash Purchase Card Transactions (Quarterly Report) (exemption paragraph 3)

154. Progress Report on the recommendations contained in the Infrastructure & Contract Quality Systems (exemption paragraph 3)

155. Equality, Diversity, and Inclusion - Final Position Statement (exemption paragraph 3)

156. Internal Audit Reports on Climate Change (exemption paragraph 3)

a) Climate Change Final Report

b) Reactive Fraud Investigation – Whistleblowing Climate Change Action Fund Scheme & Breach in Standards of Public Life

Audit and Standards Committee - Tuesday 26 April 2022

Annual Report on Information Governance

Recommendation

I recommend that:

- a. The Committee note the information contained in this report.

Report of the Director of Corporate Services

Report

Background

1. This report is designed to give the Audit and Standards Committee assurance how SCC are complying with the following legislation:
 - a. Data Protection Act 2018 and GDPR
 - b. Freedom of Information Act 2000
 - c. Environmental Information Regulations 2004
 - d. Regulation of Investigatory Powers Act 2000
2. The compliance with this range of legislation is monitored and administered through various national commissioner roles including the Information Commissioner, Surveillance Commissioner and Interception of Communications Commissioner. These commissioners have powers to impose penalties, including monetary penalties and custodial sentences on organisations or individuals who breach these rules.

Information Rights

Data Protection

3. Under the Data Protection Act individuals have a right to access their own information, known as a Subject Access Request. Ensuring compliance with Access to Information is the overall responsibility of the Information Governance Unit as shown in **Appendix 1**. However, Children's Access to Information Team manage children's requests separately as shown in **Appendix 2**.

Freedom of Information

4. Freedom of Information performance in SCC is monitored on a quarterly basis and published on the internet. The benchmark set by the Information Commissioner for an acceptable service is 85% of requests answered with 20 working days. Freedom of Information statistics can be found at **Appendix 1**.

Cyber Security

5. Local Authorities continue to face challenges to ensure that appropriate information security is in place. The County Council remains focussed on working towards ensuring that resilient procedures are employed across the Authority and in particular when risks of Cyber threats are heightened. The council has added additional security measures designed to add extra resilience at this time. To ensure there is a documented formal plan of cyber actions, there is a refreshed Cyber Security Strategy being developed for the next 3 years which will soon be published. This is based on the Governments Cyber Security strategy and will utilise the Cyber Assessment Framework methodology to assess strengths and identify areas for improvement.
6. The Council continues to invest in appropriate people, processes and tools to combat security threats, as well as purchasing Tenable, a vulnerability scanning tool and Bullwall, which detects and quarantines ransomware, the reorganisation of SICT also created a focussed team that is responsible for ICT Security. The new team has been expanded and the council has recently appointed two graduates from Staffordshire University.
7. In mid-December a vulnerability was identified in the Log4j open-source logging library. If exploited the vulnerability can allow attackers to break into systems, steal passwords, extract data, and infect networks with malicious software. The National Cyber Security Centre (NCSC) describe it as potentially the most severe computer vulnerability in years. The recently purchased Tenable vulnerability scanner was used to search for the vulnerability on SCC systems and equipment. SICT also worked closely with Directorate leads to seek assurances from providers of software as a service solution to verify that their products did not pose a risk to SCC systems or data.
8. Zero Day vulnerabilities will continue to pose a high risk to internally and externally hosted ICT systems. Although SCC has robust technical security controls and an ICT major incident process the unknown nature

of zero-day vulnerabilities makes it impossible to predict when they may appear, the impact and what the required mitigating actions will be.

9. Staffordshire ICT has recently implemented an "Air-Gap" backup solution. This is a significant step in reducing the impact of a ransomware or similar cyber security attack on the councils systems and data. The air-gap between the network and the backups means that in the event of a breach that the council would have a recovery capability from which to restore compromised systems. Sophisticated ransomware attacks attempt to not only make primary systems unusable but also make backup media unusable.

Multi Factor Authentication for Microsoft 365

10. In February senior management were asked to trial the use of Multi Factor Authentication (MFA) for Microsoft 365. MFA enhances access control security by removing the reliance on passwords to confirm the identity of an individual. In a similar way to when accessing online banking accounts staff will be periodically asked to provide an authentication code sent to them via an app or an SMS or email message sent to their phone. The MFA authentication will only be required periodically or if a person attempts to access an application from a different device or location. This is now being rolled out across the Authority.

Minimum password length changing

11. The minimum length of our network passwords is changing from 8 to 12 characters. The change is being made in response to audit recommendations and in line with National Cyber Security Centre advice to help protect us against potential cyber-attacks.
 - a. An 8-character password made up of a mix of numbers and upper and lower case letters takes six minutes to crack. Add in special characters and that increases to five days.
 - b. A 12-character password made up of a mix of numbers and upper and lower case letters takes 162 years to crack. Add in special characters and that increases to 8,000,000 years.
12. The change will take effect the next time you are prompted to change your password so this will happen over the next 3 months. The change will be instigated in April.
13. After that, you'll only need to change your password every six month in line with National Cyber Security's Centre (NCSC) guidance.

14. Cyber Champions programme is expanded and there are now 54 champions who have received additional training from the Cyber Crime Team at Staffordshire Police. These champions can assist colleagues to assess if communication is malicious and will also receive regular updates on current threats from the Police.
15. There is a risk of threat actors exploiting the security vulnerabilities of our suppliers to bypass our perimeter security controls. The Cyber Security Manager and IG have worked with procurement to improve our due diligence process. We have developed a new set of security questions to determine the adequacy of a prospective supplier's technical and organisational controls. NCSC have recognised this as a threat and have added Supply Chain to their 10 Steps to Cyber Security.
16. The Information Governance Unit record all reported security incidents and investigate where necessary. Security incidents include both physical and electronic data. All incidents will be followed up with the appropriate manager to receive assurance from the service that recommendations have been implemented. A total of 351 incidents were reported between April 2021 and March 2022 which is the highest level of incidents since we began formally recording and is an increase of 37 from the previous year. This is an average of 29 per month. The increase can be partially explained by more areas of the Authority knowing what is reportable following the refreshed mandatory training roll-out. Details of Security incidents are also included at **Appendix 3**
17. During 2021 Staffordshire ICT worked on a programme to update all devices to the latest version of the windows 10 operating systems. Maintaining vendor supported and compliant software is a cornerstone of the Public Services Network (PSN) Code of Connection that the council must comply with. This applies to all ICT Infrastructure and systems including end user devices, servers, applications, databases and networks and is an ongoing resource pressure.
18. The newly appointed Cyber Security Manager will take up the post in June and will continue the programme of work that has been undertaken to date and drive forward the cyber security strategy.

Accreditation

19. Staffordshire County Council has successfully been granted Public Services Network (PSN) accreditation for 2022. PSN is a key part of Government ICT Strategy and accreditation means that the authority can continue to access a secure network that facilitates the safe access of Government shared services. The safety of PSN is paramount and to achieve accreditation the authority had to satisfy a Code of Connection

containing over 60 different security controls. This included an externally procured Penetration test carried out in 2021

20. Staffordshire County Council has also been accredited with Cyber Essentials for the fourth year running that demonstrates that it has effective controls in place.
21. The NHS IG Toolkit is an online system which allows organisations to assess themselves or be assessed against Information Governance policies and standards. The NHS require the County Council to be compliant with the toolkit to enable integrated working between the County Council and NHS bodies, including connection to systems and the transfer and sharing of sensitive personal data. In 2021 Staffordshire County Council obtained compliance to the latest local authority version of the toolkit for the whole County Council

Governance

22. Governance of information requirements is provided through the Corporate Governance Working Group, Information Governance Unit, Senior Information Risk Owner (SIRO) Data Protection Officer (DPO) and 2 Caldicott Guardians, one for adults and one for children.
23. Staffordshire County Council has a comprehensive retention schedule, which identifies the statutory and business requirements for how long a record should be kept.
24. The Information Governance Team developed the One Staffordshire Information Sharing Protocol in 2012. The protocol outlines the purposes for sharing information, the powers that organisations have to share information, the role of partners and what can be expected from them, the process for sharing and scheduled review dates. The protocol alone does not provide the legal right to share information, it sets out the boundaries and guides under which sharing can occur and shows a commitment from its signatories to uphold what is required of them. There are currently 329 signatories to this protocol.

Information Management Strategy

25. The Information Governance Team has developed an Information Management Strategy and Framework. The strategy will run between 2022 and 2024 and is designed to support every member of staff with their individual responsibilities regarding the processing of personal data.

26. There is a working group of stakeholders which includes, DPO, SIRO, Caldicott Guardians and Information Asset Owners. The group meet monthly and will promote the strategy within their own areas.
27. The information asset owners are responsible for the maintaining the new Information Asset Register which is now live and is utilising. There are currently 50 IAOs with 94 data guardians.
28. The procurement exercise for the EDRMS is nearing completion. The EDRMS will address the unstructured data that SCC currently store. The outcome will be a streamlined and structured document management system which has in-built compliance with GDPR. It will remove redundant, duplicated and other redundant data which holds no value from our infrastructure. This will benefit all staff in the ease of document searches as it will be organised by the functions of the Authority and will therefore be future proofed. It will be built on the Microsoft 365 SharePoint platform which is already licensed and will also release more costly on-premise hardware.
29. The Information Governance Team has supported many projects in a variety of service areas including but not limited to:
 - a. The return of Household Waste and Recycling Centres to SCC
 - b. VivUp Staff Benefit project
 - c. North Staffordshire Local Air Quality Plan
 - d. Mental Health Assessor Contract
 - e. OPAS (new Occupational Health system)
 - f. Holiday Activities and Food Programme for school children
 - g. Use of Alexa and similar technology in client homes
30. The Information Governance Team offer a traded service to assist with Data Protection, Information and Cyber Security, DPO service and FOI/EIR and currently support:
 - a. 429 maintained schools and academies, some of which are out of county
 - b. 8 Parish Councils
 - c. South Staffordshire College
 - d. WM Employers

Training and Guidance

31. All new starters must complete the Data Protection and Cyber security and record management e-learning modules as part of the induction process. All staff can complete a suite of Information Governance e-learning modules.

32. A new Cyber Security refresh module was released in January 2022

Regulation of Investigatory Powers Act

33. Staffordshire County Council is entitled to use the Regulation of Investigatory Powers Act for carrying out covert surveillance as part of our statutory duties. All applications for surveillance must be approved by a Magistrate. During 2021-2 there were 0 Directed Surveillance applications made. No operations involving Covert Human Intelligence Sources were undertaken.

34. Access to Communications Data from communication are processed by the National Anti-Fraud Network (NAFN). No requests have been made or processed. A new Code of Practice has been issued and further work will take place to comply.

35. Annual RIPA training is complete for 2021-2022.

36. A full audit has been carried out and a register of all instances of CCTV has been completed. The IG Team has a full set of documentation to ensure CCTV systems, requests for images and processing of associated data is compliant with the surveillance commissioner's code of practice.

1.0. Equalities Implications

1.1 None

2.0. Legal Implications

2.1 Failure to comply with legislation or legal requirements (i.e. Data Protection Act, Regulation of Investigatory Powers Act) can result in external censure, financial loss (including fines and compensation) and reputational damage.

2.2 Failure to comply with the Regulation of Investigatory Powers Act can result in censure by the Surveillance Commissioner, including reporting to Parliament, and judgement by the Investigatory Powers Tribunal.

3.0 Resource and Value for Money Implications

3.1. Continued adherence to good information assurance practice will help to ensure that the Council does not suffer financial loss through fine(s) for breaches.

4.0 Risk Implications

4.1. Any risks identified are subject to inclusion within the Authority's risk register and are dealt with as a matter of priority accordingly.

4.2 It is a key part of the Committee's role to give assurance to the Authority and the council tax payers that the public resources invested in the Authority are being properly managed. This report is one way by which that assurance can be given.

Proposed Internal Audit Strategy & Plan 2022/23

Recommendations

I recommend that:

- a. Members review the proposed content and coverage of the Internal Audit Strategy & Plan 2022/23.
- b. To recommend approval of the Internal Audit Plan for 2022/23 to the County Treasurer.

Report of the County Treasurer & Section 151 Officer

Report

Background

1. The Accounts and Audit (England) Regulations 2015 require specifically that relevant authorities must 'undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance'. An effective internal audit is demonstrated through the establishment of a risk-based Internal Audit Plan to determine the priorities of the internal audit activity which are consistent with the Council's main priority outcomes. In developing the risk-based Internal Audit Plan, the Internal Audit Service consults with members of the senior leadership team, wider leadership team and operational managers (as appropriate) during the period January 2022 and February 2022 and is being presented to Members for final endorsement. The proposed Internal Audit Plan is attached at **Appendix 1** and will be supported by a PowerPoint presentation.
2. The Internal Audit Plan has been prepared in line with the Audit Strategy detailed in the report on pages 3 and 4 of Appendix 1. All potential reviews have been allocated a risk score, which has been calculated using the risk model and the specific methodology also outlined in the report at Appendix 1. In general, only the high-level risk areas have been included in the Internal Audit Plan as per the Strategy. As stated within the Audit Strategy referred to above, the agreement process for this year's plan included detailed discussions with members of the Senior

Leadership Team and their Assistant Directors to highlight the proposed Internal Audit work for the year ahead to ensure that it has addressed the significant risks facing the Council and assists in the achievement of the main priority outcomes.

3. Certain elements of the plan must be done regardless of risk score, mainly surrounding the work undertaken to support the requirements of grant allocations. In addition, the Internal Audit Plan includes:
 - a) Continued emphasis on strong financial management and controls;
 - b) Continued focus on key digital projects including the Customer Journey Project and EDRMS Sharepoint as well as transformational projects including social care reforms and the highways transformation programme;
 - c) Support to those services which have transferred back in house including the Household Waste Recycling Service;
 - d) On-going support for the Council's COVID 19 response and recovery arrangements;
 - e) Delivering Good Governance – continued work to give assurance over the Council's prevailing culture and values;
 - f) Continued focus on the Council's procurement and contract management activities.
 - g) Attention given to key partnerships including Entrust, Amey, MPFT, SSLEP and Midland Engine; and
 - h) Full Programme of ICT audit reviews including a suite of cyber assurance work in year.
4. Furthermore, emphasis will continue to be placed on fraud and corruption work, particularly in relation to developing the proactive elements of the plan and our continuous controls monitoring (CCM) programme of work as well as developing further communications in-year to raise awareness of fraud and controls to mitigate the risk of fraud. Compliance work within Schools will continue to focus on the key risk areas of governance, income, procurement and payroll controls and will be complimented by a programme of CCM specific to Schools as well as enhanced communications to schools focusing on fraud awareness and best practice controls.
5. A general level of contingency time has been included, which is comparable with the previous year. It is recognised that the Internal Audit Plan needs to be reviewed continuously and remain sufficiently flexible to ensure that it is focused fully on the Council's principal risks (both current and emerging); hence it may change throughout the year. Any major revisions will be reported to future meetings of the Audit & Standards Committee.

6. In line with the Audit Strategy, the top risk audits/reviews for the County Council have been assessed as being:

1. Social Care Reform – including the Build Back Better Project and Adult Social Care Pathway - Strength Based Care.
2. Children’s and Families Transformation Including the new District model and Panel and Decision Making Arrangements.
3. Climate Change – Project & Programme Management & the Climate Change Action Fund.
4. Cyber Assurance – including Cyber Security Strategy; Major Incident Management; SaaS Procurement and Monitoring; and Threat & Vulnerability Management.
5. Delivering Good Governance: Culture, Values & Behaviours Governance Review.
6. Entrust Future Contract Arrangements.
7. Digital Strategy & Transformation – including the Customer Journey Project & the EDRMS SharePoint Project.
8. Contain Outbreak Management Fund - Grant Verification.
9. Recruitment Applicant Tracking System.
10. SEND Strategy Implementation Plan.
11. Highways Transformation programme – including project support & Asset Management & Inspection Services.
12. Mental Health Act - Section 117

7. CIPFA’s Audit Committees – Practical Guidance for Local Authorities 2018 publication includes the following core functions around Internal Audit relevant to the annual plan approval process:

- a) to ensure that the Internal Audit Plan focuses on the key risks facing the Council and is adequate to support the Head of Internal Audit opinion.
- b) to confirm that the Internal Audit Plan achieves a balance between setting out the planned work for the year and retaining flexibility to changing risk and priorities during the year.
- c) to ensure that there are sufficient resources within Internal Audit to deliver the plan.

Equalities Implications

8. There are no direct implications arising from this report.

Legal Implications

9. Whilst there are no direct legal implications arising from this report, the Accounts and Audit (England) Regulations 2015 require specifically that a relevant body must ‘undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance

processes, taking into account public sector internal auditing standards or guidance’.

Resource and Value for Money Implications

10. The net budget of the Internal Audit Section in 2022/23 is £1,027,510 of which £223,150 relates to payments to external providers.

Risk Implications

11. Internal Audit examines objectively, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources.

Climate Change Implications

Introduction

1. This report summarises the proposed work of Internal Audit for 2022/23. This has been developed in line with the Internal Audit Charter. The aim is to give an overview of areas to be covered during the year and to provide an opportunity to comment on the proposed coverage.
2. The audit plan has been developed to allow sufficient flexibility to respond to change which will happen during the year. Whilst every effort is made to deliver the plan as shown there will always be the need to respond to emerging risks and changing circumstances. The plan is therefore a statement of intent – our liaison meetings with senior management will ensure that it is reviewed regularly.
3. Internal Audit is a statutory service required by the Accounts and Audit Regulations 2015. It is also a key source of independent assurance for management, designed to add value and improve how the Council operates. The results of our work feed into the Council's Annual Governance Statement.
4. The work is performed in conformance with the UK Public Sector Internal Audit Standards (PSIAS) and the Local Government Application Note (LGAN). These require that the scope of Internal Audit covers the whole range of the Council's activities, seeking to provide an annual internal audit opinion on the governance, risk and internal control environment of the County Council, which has been established to:
 - Achieve strategic objectives.
 - Ensure effective and efficient operational systems and programmes.
 - Safeguard assets and interests of all kinds.
 - Ensure the reliability and integrity of financial and operational information.
 - Ensure economic, efficient and effective use of resources.
 - Ensure compliance with established policies, procedures, laws, regulations and contracts.

Our Internal Audit Strategy

5. Our Internal Audit Strategy has been developed to take into account management's assessment of risk and key organisational objectives and priorities. This is obtained from the contents of the Corporate Risk Registers, our key critical services including IT systems, External Audit considerations, other internal assurance providers

(i.e. Health & Safety and Information Governance Officers) and conversations with Senior Management to discuss potential changes/ areas of concern, including consideration of fraud risks within their area of control.

6. Also we use our own risk assessment against each activity assessing their materiality, sensitivity, significance and stability – ranking each area as high, medium or low risk. This allows each possible area to be prioritised based on risk, which then determines whether or not it will be included in the audit plan. A copy of the full risk assessment methodology is included in Appendix A.
7. The plan has been constructed to ensure that it delivers against the PSIAS and the requirement to produce an annual Head of Internal Audit opinion.
8. The annual risk-based plan is produced based on the following key principles:
 - Assurance reviews with a high risk (i.e. >60%) ranking should be completed subject to variation as agreed with the County Treasurer (& Section 151 Officer).
 - Identification of 'Top Risk' Reviews.
 - Key Financial systems – reviewed on a cyclical basis.

- A risk-based Schools' audit strategy is completed each year which inform our Schools' Compliance Programme for the year ahead.
 - An initial allocation of days to conduct Special Investigations – variable year on year.
 - An initial contingency allocation – variable year on year.
 - Time to undertake pro-active counter fraud work.
 - Risk based programme of other compliance reviews.
9. We will work to co-ordinate our work on the key risk areas with the Council's External Auditors, Ernst & Young (EY) during 2022/23 through having a joint understanding which agrees where EY may consider the results of our work. This ensures that the Council gets the most out of its combined audit resource – keeping audit fees low.

Draft Internal Audit Plan 2022/23

10. We propose to allocate resources across each Service Area as shown in figure 1 with further details in Appendices B, C and D.

for tackling fraud and corruption. This demonstrates the Council's continued commitment to ensuring good governance during periods of transformational change as well as changes to service delivery.

Resources

15. The total resource requirement for Staffordshire County Council in 2022/23 is 1,920 days. There is a reduction of 175 days when compared to 2021/22 which is due to the level of resources available to the Service in 2022/23.

16. The Section also provides and receives income for the delivery of the internal audit service/management, for the following External Clients (370 days):

- South Staffordshire Council;
- Staffordshire Academies (via Entrust);
- Staffordshire Pensions Fund; and
- Comfort funds.

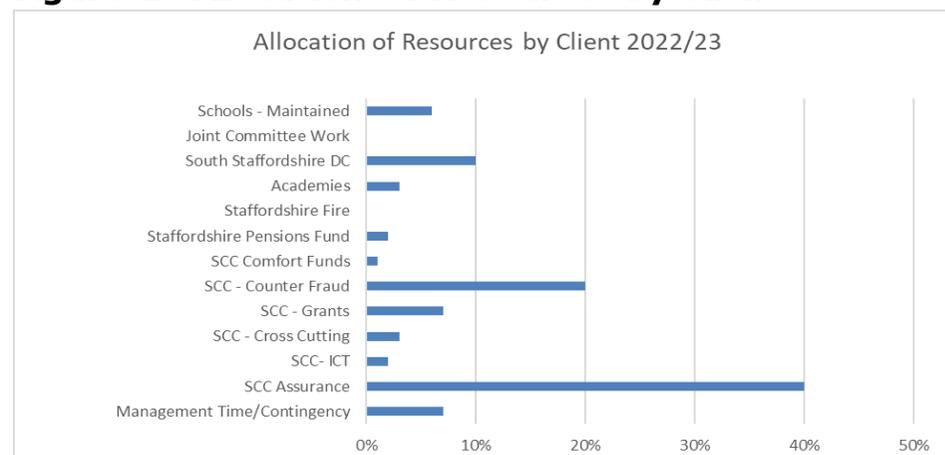

17. The income generated from this arrangement is circa £80,000 p.a.

18. The delivery model for the Internal Audit Service is mixed – a combination of in-house staff and external staff via a Framework Contract. This allows the section

to be flexible and respond to peaks and troughs in demand and to buy in specialist resources as required. Whilst the Council's Internal Audit framework contract came to an end in November 2021, we will continue to use other existing frameworks to procure specialist resources which are available to us during 2022/23.

19. There are sufficient resources available to deliver the audit plans as detailed in Appendices B, C and D. This helps to ensure that the Council meets the requirements of the Accounts and Audit Regulations 2015 for maintaining an adequate and effective internal audit function and governance, risk and internal control environment.

Performance & Quality Assurance Framework

20. Internal Audit within Staffordshire County Council operates in conformance with standards of best practice applicable to internal audit – the UK Public Sector Internal Audit Standards and the CIPFA Local Government Application Note. The Internal Audit team offer a wide depth of knowledge and experience gained across different organisations. We promote excellence and quality through our audit processes, application of the Quality Assurance Framework (Appendix E) and the training and development programme for staff.
21. The Quality Assurance Framework includes all aspects of the Internal Audit Activity – including governance, professional practice and communication.
22. The Internal Audit Charter sets out the role, responsibilities and authority of the Internal Audit Service within the County Council. This was initially approved in June 2014 and any

amendments to its contents are endorsed by the Audit & Standards Committee annually.

23. Internal Audit remains sufficiently independent of the activities that it audits to enable auditors to perform their duties in such a way that allows them to make impartial and effective professional judgements and recommendations.
24. The Section use several ways to monitor performance, respond to feedback and identify ways in which to improve the service provided. Evidence of the quality of our audits is gained through feedback from auditees and the results of supervision and quality assurance undertaken as part of our audit process.
25. The current performance measures are set out below in Figure 3 for information

Service Plan Priorities/Challenges 2022/23

- To support the Council throughout the year in implementing the new adult social care reforms, providing real time assurance and guidance to ensure that the control environment remains robust following revisions to processes.
- To continue to contribute to the development of the digital transformation strategy across the Council to ensure that the control environment remains strong whilst exploiting the opportunities for more streamlined, cost-efficient operations.
- To provide support during the Council's on-going response to COVID 19 as well as the recovery and transformation of Staffordshire's economy post the COVID 19 pandemic.

- To produce the annual risk based internal audit plan which is Public Sector Internal Audit Standards (PSIAS) compliant and which provides sufficient coverage to provide the Section 151 Officer with assurance regarding the robustness of the governance, risk management and internal control framework operating within the County Council.
- For those key areas that have been subject to significant service delivery model changes during the year, the Internal Audit service will provide insightful assurance to senior management that sound systems of internal control are in place, are fully embedded and are underpinned by good governance and management arrangements in place.
- To continue to assist and support the Council in delivering good governance and decision making across the organisation as well as providing assurance that the Council's culture, values and behaviour are clearly expressed, transparent and adhered to and which promote and allow the Council to maintain high standards of ethical conduct.
- To ensure that the IA Service continues to enhance and develop its operations to maintain

its status within the Council and with its external clients as a competent, professional and respected Service which conforms to the latest PSIAS and the LGAN and which embraces agility, delivers insights and anticipates emerging risks. As part of this, consideration will be given to the structure of the service including the potential recruitment to vacant posts; confirmation 'in post' of long term seconded staff and further use of the apprenticeship scheme – 'to grow our own'.

- To procure and prepare for the Internal Audit Service's second External Quality Assessment in conformance with the UK PSIAS and to report the assessment outcome to senior management and the Audit & Standards Committee
- To continue to provide an excellent internal audit service to all our external clients, providing an agile internal audit service and high-quality audits to give management valuable insights and real time assurance on things that matter.
- Following the successful implementation of the Internal Audit Service's new integrated Audit and Risk Management system in 2021, to successfully introduce and roll-out across the

Council, the on-line audit portal to be used by business users which is intended to facilitate greater transparency over their own control environment and real-time tracking of audit recommendations.

- To further develop the continuous controls monitoring (CCM) programme across both the Council (Corporate) and maintained schools' landscape thereby providing increased levels of comfort in respect of fraud related risks and to assist corporate and schools' management in their role as the second line of assurance.
- To continue to raise the profile of the Counter Fraud Work Programme across the Council including schools. Our activities will include regular communications to raise awareness of fraud risks and mitigating controls and the relaunch of the fraudwatch publication as well as the roll out of the recently developed fraud e-learning module.

Appendix B – Draft Internal Audit Plan 2022/23

Area	No of Days	Indicative Scope
Families & Communities – Helen Riley		
Children & Families - Panels & Decision Making	10	Management has requested a review of Panels in place across the services within Children & Families to ensure that they are fit for purpose, have clear Terms of Reference and; that there are linkages to other decision making arrangements cross the service, to ensure effective joint working, informed decision making and to minimise duplication and potential inefficiencies.
Children & Families Transformation - New District Model	15	<p>Children & Families Systems Transformation is a whole system approach underpinned by a Restorative Practice Model which aims to ensure children with social care needs remain with or return to their family or extended family network where it is safe to do so. The new operating model became operational in October 2021. To transition to the new model, investment of £8.1m was required to stabilise the service.</p> <p>Management has requested audit time in 2022/23 to provide assurance that the new district model is operating effectively and delivering expected outcomes.</p>
SEND Strategy Implementation Plan	12	<p>In January 2022, Ofsted completed a re-inspection of SEND to confirm progress against the areas identified within the Written Statement of Action. This confirmed that although significant progress has been made in relation to most of the areas identified by the original inspection, further actions were required in two areas and an Accelerated Progress Plan has been developed.</p> <p>Management has requested audit time in 2022/23 to review progress against the SEND Strategy Implementation plan, including actions identified within the Accelerated Progress Plan and to also provide assurance that actions identified and implemented in response to the original written statement of action have fully embedded and are continuing to operate effectively.</p>
Unaccompanied Asylum Seekers & Refugees	10	<p>To provide assurance that processes are in place and operating effectively for the provision of support to unaccompanied asylum seekers and refugees relocated to Staffordshire.</p> <p>Scope of work to include: the planning and provision of education, as well as health and financial support to individuals.</p>
Children's Commissioning	12	As part of the children's transformation programme, several reports have been undertaken on children's commissioning over the last few years as the Directorate seek to address risks in this area and a lot of work has been undertaken in this area.

Area	No of Days	Indicative Scope
		In 2022/23, Internal Audit will provide independent assurance that processes are well understood and adhered to; and that due process is being followed, including use of the Contract Framework in place. Final scope is to be determined in conjunction with the Assistant Director for this area, however, will include commissioning of the new Child Exploitation contract and commissioning with the SEND Local Hubs.
Leaving Care: Services & Outcomes - Care Leavers Offer	10	<p>The Children & Social Care Act 2017 revised legislation within the Care Act 1989 in relation to care leavers, extending the age range to which the Corporate Parent Principles apply and outlines requirements for the local offer to care leavers.</p> <p>An audit review will be completed in 2022/23 to provide assurance that Local Care Leaver offer complies with legislative requirements and are being delivered effectively.</p>
SEND Transformation - High Needs Block	10	<p>Funding for children with SEND is via the High Needs Block. During 2018/19 a High Needs Recovery Plan was put in place to tackle the projected overspends that have built up over the last few years. Whilst most of the actions in the Plan have been implemented there is still a projected overspend of £7.3m by 2024. Therefore, it is recognised that there is a need for a combined strategic approach with all education providers to meet these financial challenges. Additional government funding of £7.1m (net) has been provided for the High Needs Block.</p> <p>Time will be required in 2022/23 to provide ongoing assurance that the new model has been effective in addressing the estimated overspend.</p>
Looked After Children (LAC) - Placements	10	Management has requested a review of placements to provide assurance that processes and resources within the placements team are adequate / appropriate to ensure that controls can be applied effectively to mitigate against key risks and to fulfil statutory requirements, including quality assurance processes.
Prevention of Homelessness - 16 & 17 year olds	10	The Government guidance issued in April 2018 entitled: Prevention of homelessness and provision of accommodation for 16 and 17 year old young people who may be homeless and/or require accommodation, outlines the duties of Local Authorities to provide support and / or accommodation to 16 & 17 year olds who have become or are at risk of becoming homeless.

Area	No of Days	Indicative Scope
		Management has requested a review of this area to provide assurance that support/accommodation is being provided in accordance with the statutory requirements, including liaison and joint working with Housing and third party organisations.
Education Safeguarding Service	8	<p>The Education Safeguarding Service provides safeguarding advice, support and challenge to education providers and promotes the welfare of children and young.</p> <p>Internal Audit time is required in 2022/23 to review the delivery of the service (to include use of the Safeguarding Section 175 & Section 157 (Education Act 2002) Audit tool to inform and direct the work undertaken).</p>
Countryside - Rights of Way	12	<p>An audit review of the management of Rights of Way including the identification and prioritization of capital works and utilisation of funding is required in 2022/23 to ensure compliance with statutory requirements.</p> <p>*Also see Cross Cutting review of Tree Management in 2022/23.</p>
Staffordshire History Centre	5	<p>In 2021, a successful bid was submitted to the National Lottery fund for £3.9m to part fund redevelopment of the Central Archives site at Eastgate Street to house the Staffordshire History Centre. The History Centre will bring together collections from the Staffordshire and Stoke on Trent Archive Service, the County Museum and the William Salt Library.</p> <p>Prior to commencement of the construction works in 2022, the current collections housed at the site are to be relocated to an offsite storage facility and temporary arrangements are to be put in place to allow members of the Public to access records and items within the collections via prior arrangement.</p> <p>Internal Audit work undertaken in 2022/23 will review the arrangements for the storage, record keeping and physical transfer of items, to facilitate public access, during the construction period; including security, environmental controls and stock management.</p>
Looked After Children - Health Assessments	10	Management has requested a review of health and wellbeing of Children in care. Internal Audit will review the completion of Health Assessments for LAC, to ensure that they are completed in accordance with statutory requirements and appropriate plans / support are put in place to address any physical or mental health needs identified.

Area	No of Days	Indicative Scope
Community Safety - Domestic Homicide Reports	5	<p>When a Domestic Homicide occurs, the District / Borough Council for the area where the incident occurred are responsible for the undertaking a multi-agency review of the circumstances of the death.</p> <p>A report by an authorised Independent Author and an action plan must also be submitted to the Home Office for scrutiny and approval. Although accountability sits with the District/Borough Councils, the County Council co-ordinates and manages the production and submission of the independent report and action plan, on their behalf, including the procurement of the Independent Author and liaison with the Home Office and partner organisations.</p> <p>An audit review of the Domestic Homicide Reporting process has been requested to provide assurance that actions are undertaken in accordance with the statutory process. The audit will also include review of the procurement arrangements in place for the Independent Author and also financial controls in place in relation to the Partnership Pot and the costs associated with this area.</p>
Sub- Total No. of Days	139	
Schools & Other Educational Establishment Compliance		
Primary/Middle/Special/High Schools & Pupil Referral Units Compliance Audits	130	<p>A sample of 20 Compliance visits will be undertaken assessing compliance with approved policies and procedures including Financial Regulations and Procurement Regulations for key risk areas.</p> <p>Areas include governance, budgetary and financial controls, procurement activity and payroll</p>

Highways Transformation Programme - Asset Management & Inspection Services	10	Senior management have requested audit time in Q4 2022/23 to provide assurance that the services transferred back to the Council, as part of the transformation of the current offer, are embedded and are operating effectively. The services being transferred are Asset Management and Inspection services.
Highways Transformation Programme - Project Support	15	<p>"The Highways Transformation Programme commenced in 2021/22 to review and reconsider the current and future arrangements for delivery of the Council highways services. The programme has three key elements:</p> <ol style="list-style-type: none"> 1) Future Highways Delivery Model; 2) Transforming the current offer in preparation for the future; and 3) Highways Investment Strategy.

Area	No of Days	Indicative Scope
		Internal Audit time has been requested in 2022/23 to continue to provide support to the Highways Transformation Programme as required. Work to be determined and agreed via liaison with Senior Management and the Change Team.
Community Renewal Fund	10	<p>The UK Community Renewal Fund aims to support people and communities most in need across the UK, creating opportunities to trial new approached and innovative ideas at a local level. The fund is a pilot prior to the introduction of the UK Shared Prosperity Fund in 2022. Staffordshire County Council has been allocated as the Lead Authority for Staffordshire and is responsible for the co-ordination of a programme of projects across the County. The Council are also accountable for monitoring the projects to ensure delivery and expenditure incurred is in accordance with the funding conditions.</p> <p>An audit will be performed in 2022/23 (at the end of the programme of projects) to examine the final monitoring and reporting on completion of the schemes and final grant payments. The audit will be timed to ensure the findings can be included within the Council's final monitoring report which is due to be submitted to Central Government by 31 December 2022 and will ensure:</p> <ul style="list-style-type: none"> • Grant expenditure returns reconcile to the Council's financial accounting records held on My Finance system. • Project deliverers have completed and returned all UK CRF Monitoring Reports in accordance with the timescales stipulated within the Project Deliverer Grant Agreement. • Project deliverers have completed and returned an Evaluation Report and Final Claim following completion of the project. • Project completion has been recorded for all outcomes and outputs included within the Project Deliverer Grant Agreement, with explanations provided where projects are below target. • Evidence of expenditure has been recorded within UK CRF Monitoring Reports, which is supported by an appropriate level of documentation, and expenditure incurred is in accordance with the funding conditions. • VAT on expenditure is appropriately accounted for. • If paid at time of audit, final grant funding payments to project deliverers were paid in accordance with the terms stipulated within the Project Deliverer Grant Agreement. • Project completion has been reported appropriately to management and governance board(s).
Household Waste Recycling Centres	15	<p>Following the transfer of the HWRCs back to the Council at the end of March 2022, management has requested an internal Audit to ensure that a robust control environment is operating across the service. Scope of work to include:</p> <p>(I) Policies and Procedures; (ii) Roles and Responsibilities and training; (iii) Compliance with regulatory requirements; (iv) Arrangements for dealing with Recyclable materials and offtakers;</p>

Area	No of Days	Indicative Scope
		<p>(v) Taking of Income on site including chip and pin; (vi) Waste Records, reconciliations and performance indicators; (vii) Payments to offtakers; (viii) Fuel stocks and fuel cards; (ix) Security of sites</p> <p>See also the Counter fraud plan in 2022/23 for fraud awareness and site visits.</p>
Levelling Up Fund	10	<p>Central Government have committed £4bn for a Levelling up fund for England over the next 4 years up to 2024-25. The Levelling Up Fund will invest in local infrastructure that has a visible impact on people and their communities. The scheme has a number of local priorities, including local transport, urban regeneration and cultural assets. District Councils eligible to enter one bid per MP consistency that sits within their boundary. The fund will focus on bids that require up to £20m of funding.</p> <p>SCC have identified pipeline schemes for a potential bid in year two of the four year programme, therefore, time will be required in 2022/23 if a successful bid is entered, to ensure effective management and utilisation in accordance with the funding conditions. Time may also be required to provide assurance in relation to the due diligence undertaken to support the bid evaluation process.</p>
Staffordshire Means Back to Business Programme	10	<p>As part of the Back to Business Strategy a programme of schemes were identified, which were a combination of new initiatives and the expansion of work currently being undertaken by the County Council. In 2021/22 the programme was funded in conjunction with the District/Borough Councils who passported a proportion of the Additional Restrictions Grant allocated by Central Government, in part, to fund schemes for the restart and recovery of the economy. The total funding across the six identified schemes was £3.345m, with a contribution of £1.379m by the County Council. The combined programme ended in March 2022, with unused funding being repaid to the District/Borough Councils, however, further funding of £1m has been allocated to support the Back to Business Programmes in 2022/23, in addition £70k has also been carried forward from 2021/22.</p> <p>Audit time is required in 2022/23 to review the continued delivery of the Back to Business Strategy and the programme of schemes in place. The Audit will also include review of the Business Start Up Programme - Get Started</p>
Local Enterprise Partnership	10	<p>Internal Audit work in 2022/23 is dependent on the future arrangements for the LEP as per the Levelling Up White Paper. Scope as per previous years although time may need to be brought forward to Q1 to give assurance over the winding up process if required.</p> <p>To keep under review the decision making and governance arrangements of the Local Enterprise Partnership in terms of setting a clear vision and operating under a clear governance framework, securing and accounting for funding, managing performance of regeneration schemes and achieving milestones and outcomes.</p>

Area	No of Days	Indicative Scope
		<p>Internal audit activity will include a review of the SSLEP's compliance with the National Assurance framework. Audit work to be undertaken at the end of Q3 2022/23 to inform the S151 Assurance Report</p> <p>** See also Local Enterprise Partnership - Core Funding Grant</p>
Home to School Transport	15	<p>An Internal Audit review will be carried out to provide assurance that the arrangements in place provide best value for the Council as well as fulfilling statutory duties.</p> <p>The Council are required to provide Home to School transport for eligible statutory school aged children. Children are entitled to free home to school assistance if the live:</p> <ul style="list-style-type: none"> o in Staffordshire o beyond walking distance from the school which is also their registered base (the school at which your child is registered on roll and is not a fee paying school) o within the designated catchment area of the school or are attending the nearest suitable school with places available, as determined by the Council. A suitable school is one which provides education appropriate to the age, ability and aptitude of the pupil and any special educational needs that the pupil may have, these can be either inside or outside of Staffordshire. <p>Audit time is required in 2022/23 to provide assurance that home to school transport is being provided to eligible young people in accordance with statutory duties and the policies in place for mainstream and SEND pupils. The audit will also consider plans / arrangements to mitigate against increasing costs and the delivery of savings.</p>
Getting Building Scheme	12	<p>The Government has made £900 million available through the new Getting Building Fund (GBF) for investment in local, shovel-ready infrastructure projects to stimulate jobs and support economic recovery across the country.</p> <p>Stoke-on-Trent and Staffordshire LEP were allocated £23.7m from the GBF for a wide-ranging package of projects to deliver a much-needed boost to the local economy. The funding has been allocated across two financial years £11.85m 2020/21 & £11.85 2021/22. 12 projects have been approved by BEIS for delivery over the lifetime of the funding. A separate Getting Building Fund Capacity Grant of £80k was also received to support development of the funding proposal, this has been used to procure a third party to support this process.</p> <p>Audit time will be required in 2022/23 to provide assurance that expenditure and outcomes are in accordance with the funding conditions. A sample of schemes will be reviewed as part of the audit work to be undertaken, this will include the conversion of Shire Hall to provide a Digital Enterprise Hub, providing tenanted units, as well as flexible work-spaces for businesses, this is a £2m scheme with £1.6m of the funding being received from the Getting Building Fund.</p>

Cyber Assurance: Cyber Security Strategy	10	<p>A new Cyber Security Strategy has been created and is being reviewed in a draft state. This is replacing the previous Cyber Security Strategy that was in place between 2017 and 2021.</p> <p>This audit will provide management with assurance that the strategy aligns with business needs and government strategies such as the National Cyber Security Strategy 2022 - 2030, is suitably resourced, and governance controls, such as progress monitoring are in place. Further to this, the audit will also look to establish whether the aims and objectives are the outgoing strategy were achieved.</p>
Cyber Assurance: Major Incident Management (inc. Cyber Incidents)	10	<p>Major security incidents, include cyber incidents can have a major impact on the Council in many ways. Robust Incident management processes can help reduce the impact when they do happen. This audit will provide management with assurance that major incident management processes are fit for purpose, allowing the Council to quickly respond to incidents, prevent further damage, reduce the financial and operational impact and reduce reputational damage.</p>
Cyber Assurance: Threat & Vulnerability Management	10	<p>Threat and vulnerability management (TVM) procedures represent a key element in an organisation’s security program to detect cyber threats and to provide an approach to risk and vulnerability mitigation that is proactive and business-aligned based on risk. These procedures are intended to provide a way to assess the potential business impact and likelihood of threats and risks to an organization’s infrastructure before cyber security incidents occur. New TVM procedures are being implemented in SICT alongside a new scanning tool to further develop the TVM capabilities of the Council and reduce the risk of cyber attacks occurring.</p> <p>The scope of this audit will be developed alongside the Cyber Security Manager and Network and Security Operations team but will look to include the following:</p> <ul style="list-style-type: none"> • Detection, management and remediation of IT threats and vulnerabilities; • Processes in place to measure and report on IT threats and vulnerabilities up to senior management.
Cyber Assurance: SaaS Procurement and Monitoring (Supply Chain Security and Risk Management)	10	<p>The County Council is relying more on third parties to deliver SaaS (Cloud) systems, and services to support the Cloud First Strategy. Any cyber-attack on these suppliers can be just as damaging to the Council as one directly against us.</p> <p>It is therefore vital to ensure that the risks inherent with the supply chain in relation to SaaS services are managed and understood and to provide confidence that the Council will not suffer a cyber incident via a third party.</p> <p>This audit will seek to ensure that:</p> <ul style="list-style-type: none"> • There are effective security requirements are embedded within the Councils contracting processes: and • There are effective monitoring and management a SaaS providers after the procurement to ensure that risks are known and managed.

Pension Fund - <u>Pensions Administration</u>	25	To keep under review the arrangements in place for administering SCC's pension scheme. This will include a review of payments due to and payments made from the pensions fund as well as the operation of the I-Connects system, the My pensions portal and compliance with GDPR. Scope of the audit to be reviewed in 2022/23 to ensure the review continues to add value and captures key control areas. Scope to be discussed and agreed with the Head of Treasury and Pensions. *See also the separate IT application review which will be conducted on the new Altair Pensions System
Altair Pensions System (Application Security)	20	A tender process was undertaken during 2021 to replace the current on-premise Altair Pensions System, provided by Heywood Pension Technologies, with a SaaS (cloud) based system. The tender was awarded to Heywood Pension Technologies and the new SaaS system will go-live in March 2022 Internal Audit provided input into the tender specification and also provided project support on User Acceptance Testing and Data Migration during 2021/22. During 2022/23, Internal Audit will continue to provide advice to the project (5 days). Also, Internal Audit will conduct a full application security review to provide management with an independent assessment of effectiveness of the design and operation of internal controls and operating procedures protecting the data within the system (15 days application security)

Appendix E – Quality Assurance Programme

Quality Assurance

Quality outcomes/process designed to deliver a consistently high-quality audit service to our clients – fit for purpose/ meets client expectations/conforms to PSIAS.

Quality Improvement Plan

CIA reporting to the Audit & Standards Committee on the outcome of quality assurance review, together with the improvement action plan and any significant areas of non-conformance to PSIAS included in the Annual Report/Annual Governance Statement.

Ongoing Monitoring

Quality checks and oversight are undertaken throughout the audit review, ensuring that processes and practice are consistently applied and working well.

Role of the CIA

- To develop and maintain the Quality Assurance Improvement (QAIP) and resultant action plan.
- Focus on evaluating conformance with the Internal Audit Charter.
- Arrange an External Assessment in-conjunction with the Audit & Standards Committee.

Role of the Audit Managers

- Obtain on-going assurance that the audit planning, fieldwork conduct and reporting/communication results adhere to audit standard practice (as defined in the audit manual).
- Undertake audit supervision and review. The extent of supervision needed will depend on the proficiency and experience of the internal auditors and the complexity of the review.

Role of Individual Auditors

- Conduct all audit reviews in accordance with the requirements contained in the audit manual and PSIAS.
- Behave at all times in accordance with the PSIAS Code of Ethics and Code of Conduct.
- Promote the standards and their use throughout the Internal Audit Activity.
- Actively seek feedback for all reviews undertaken.
- Demonstrable commitment to delivering quality services.

In January 2018, the Service's first External Quality Assessment (EQA) of the Team was performed by the Chartered Institute of Public Finance & Accountancy (CIPFA). The one recommendation and three suggestions arising from the review have since been implemented. During 2022/23, the Service's second EQA will be procured and conducted.

Annual Audit Planning Process

Proposed Internal Audit Plan & Counter Fraud Plan 2022/23

Audit & Standards Committee

26th April 2022

Aims of Today's Presentation

1. To **demonstrate** to the Committee that a robust methodology has been adopted in formulating the Plan for 2022/23.
2. To provide **comfort** that the Plan focuses on the key risks facing the Council.
3. To confirm that the Plan achieves a **balance** between setting out the planned work for the year and retaining **flexibility** to changing risks and priorities during the year.
4. To provide assurance that there are **sufficient resources** within Internal Audit to deliver the Plan for 2022/23.

The Internal Audit Strategy

What is the Internal Audit Strategy?

- Key governance document
- Produced annually and formally endorsed by the Audit & Standards Committee
- Sets out:-
 - The risk assessment process;
 - Key principles applied; and
 - Resources needed to deliver the plan

Top Risk Audits/Reviews 2022/23

- 1.** Social Care Reform – including the Build Back Better Project and Adult Social Care Pathway - Strength Based Care.
- 2.** Children’s and Families Transformation Including the new District model and Panel and Decision Making Arrangements.
- 3.** Climate Change – Project & Programme Management & the Climate Change Action Fund.
- 4.** Cyber Assurance – including Cyber Security Strategy; Major Incident Management; SaaS Procurement and Monitoring; and Threat & Vulnerability Management.
- 5.** Delivering Good Governance: Culture, Values & Behaviours Governance Review.
- 6.** Entrust Future Contract Arrangements.
- 7.** Digital Strategy & Transformation – including the Customer Journey Project & the EDRMS SharePoint Project.
- 8.** Contain Outbreak Management Fund - Grant Verification.
- 9.** Recruitment Applicant Tracking System.
- 10.** SEND Strategy Implementation Plan.
- 11.** Highways Transformation programme – including project support & Asset Management & Inspection Services.

Key Financial Audits 2022/23

- The key financial audits in 2022/23 which are included in the Internal Audit Plan are:
 - a. Liberata - Payroll System;
 - b. Budgetary Control (Revenue);
 - c. Main Accounting;
 - d. Sales to Cash – Debt Recovery Function & Debt Management (My Finance); and
 - e. Treasury Management & Banking.
- In addition, audit support will be provided during the procurement of new BACS system and a full application security audit review on MyHR will be conducted.

Governance Audits 2022/23

- **Culture, Values & Behaviours** –To evaluate the extent to which the Council works with a culture that promotes good ethical values and behaviours – continuing our work from 2021/22.
- **County Deal : Staffordshire Leaders Board** – A review of the governance arrangements.
- **Other Governance Work** in relation to Children’s & Families Panels & Decision making; Key Partnerships including the Integrated Care Board; Property Procurements.
- **Local Government Pension Scheme (LGPS)** - To continue to lead on the assurance framework for the Pensions Pooled arrangements covering governance, financial and operational risks and investments.

COVID 19 – IA Support 2022/23

- two additional audit exercises started at the end of 2021/22 will be completed and reported upon:
 - an audit exercise on Council procurement activity carried out during the COVID 19 pandemic; and
 - an audit exercise to specifically look at the suspension of the care act during the COVID 19 pandemic.

Both exercises will provide comfort that decision making is robust, transparent and in accordance with the Council's corporate decision-making arrangements.

- In 2022/23, Internal Audit will continue to proactively support the Council's on-going response and recovery activities connected to the COVID 19 pandemic including COVID 19 grant work of **71 audit days**

Schools Compliance Audits

- Significant increase in the number of Limited assurance opinions awarded in 2021/22.

In 2022/23:

- Continue to focus on school governance and financial controls (including Income, payroll and procurement).
- Supplement schools compliance audits with a programme of continuous controls monitoring to give greater assurance over financial transactions.
- Additional Internal Audit communications to schools to increase awareness of fraud risks and controls.
- Raise the profile of Internal Audit within the schools environment.

Counter Fraud Plan 2022/23

- The Counter Fraud Plan for 2022/23 is based, as in previous years on the CIPFA's Counter Fraud Code of Practice.

- Audit time is allocated across the following headings:

Strategic Development (41 days)

Creating an anti fraud Culture (27 days)

Prevent & Deter (115 days)

Detection (97 days)

Investigations (170 days)

**450
days**

Continuous Controls Monitoring (CCM)

- What is CCM - Regular monitoring of the Council's data for 'Red Flags' that may indicate Fraud.
- Use data analytical and file interrogation software, IDEA
- Typical areas to review: expenses claims; purchasing cards; creditor payments; mileage claims, additional hours claimed.
- Corporate Programme of CCM
- Schools Programme of CCM

Proactive Counter Fraud Exercises 2022/23

The Counter Fraud Plan is influenced by past occurrences of fraud. In 2022/23, there will be continued audit coverage in the following areas:

- Purchasing cards – cash withdrawals;
- Taxi Operators - greater transparency over financial processes and compliance with contractual conditions particularly when hiring taxi drivers and passenger assistants;
- Member-led funds such as the Community Climate Action fund and the Community Fund;
- Direct Payments Prepaid Cards;
- Financial Assessments; and
- Household Waste Recycling Centres.

Other Time Allocations Worthy of Note

- Contingency Time Allocation (10 days)
- Recommendation Tracking (15 days)
- **Use of On-line Audit Portal**

As part of Internal Audit Service's new integrated Audit and Risk Management system, during 2022/23 we will introduce and roll-out across the Council, the on-line audit portal to be used by business users which is intended to facilitate greater transparency over their own control environment and real-time tracking of audit recommendations.

Summary of Key Headlines

- Emphasis on strong financial management and controls.
- Continued focus on key digital projects including the Customer Journey Project and EDRMS Sharepoint:
- Time allocated to transformational work including Social Care Reforms, Highways Transformation Programme and assurance over the Children's & Families Transformation programme completed in 2021.
- Support to those services which have transferred back in house - HWRC/Infrastructure +/Entrust.
- On-going support for the Council's COVID 19 response and recovery arrangements – grant work and other.
- Delivering Good Governance – continued work to give assurance over the Council's prevailing culture and values.
- Continued focus on the Council's procurement and contract management activities.
- Attention given to key partnerships including Entrust, Amey, MPFT, SSLEP and Midland Engine
- Full Programme of ICT audit reviews and regular Liaison between ICT and IA to discuss ICT control related matters.

Achievement of the key Aims Today

- Have I satisfied you that there is a robust methodology adopted in formulating the Plan for 2022/23?
- Have I provided you with comfort/assurance that the Plan focuses on the key risks facing the Council?
- Have I demonstrated to you that the Plan achieves a balance between setting out the planned work for the year and retaining flexibility to changing risks and priorities during the year?
- Have I provided assurance to you that there are sufficient resources within Internal Audit to deliver the Plan for 2022/23?

Appendices

Supplementary Information to support the Plan 2022-23

How the Plan is Formulated

- Fundamental to a good plan is consultation with the organisation at all levels.
- Consultation/discussions with key officers (OMT/WLT/SLT) – 60 + Officers;
- Liaison with the HIA & ACFS & the County Treasurer.

**** IMPORTANT: We all need to contribute to the Plan to ensure it is aligned to the Council's priorities and to ensure it adds value to the organisation****

Key Principles Applied

- Assurance reviews with a high risk (i.e. >60%) ranking are completed.
- Identification of 'Top Risk' Audits/Reviews.
- Key Financial systems are conducted.
- A Schools' audit programme is developed based upon a risk assessment & specific fraud risk assessment.
- An initial allocation of days to conduct Special Investigations is made – variable year on year.
- An initial contingency allocation – variable year on year is included in the Internal Audit Plan.
- Time is included to undertake pro-active counter fraud work.
- Compliance reviews are also included in the Internal Audit Plan.

Resource Requirement 2022/23

- Continue to focus on the County Council in 2022/23.

Total Resource requirement	Days 2022/23	Days 2021/22	Days 2020/21
Staffordshire County Council Plan	1,920.00 days	2,095.00 days	2,100.00 days
External Clients	370.00 days	382.50 days	234.50 days
Total Resource Requirement 2022/23	2,290.00 days	2,477.50 days	2,334.50 days

- Sufficient resources are available to deliver the Plan including the ability to procure the required level of support from the Private Sector under existing frameworks available to us and access to the investment resource funding being made available to the Service..

How is the Plan Delivered

- In House Team
- Commitment to ‘grow our own’ with use of Apprenticeship Levy – One Apprenticeship has been completed, a Second is in their final year and in 2022/23, a member of staff starts the CIPFA’s Fraud Apprenticeship scheme (Counter Fraud Investigator)
- Use of External Staff via existing available frameworks
- ‘Mixed’ economy allows flexibility/ability to respond to urgent requests & access to specialist skills.
- Generate Income – Circa £80k er annum through external client work.
