The Panel considered a report from the Director for Corporate Services for an application to upgrade Public Footpath 18 Swynnerton to a Public Bridleway.

The report was presented verbally to take Members through the user and historical evidence relevant to the application. Members were made aware that they should examine the evidence in its totality. During their consideration of the application, Members had regard to the Appendices attached to the report including:

- Appendix A Copy of application Form 1
- Appendix B Plan of claimed route
- Appendix C User Evidence Statements (14)
- Appendix D User Evidence Matrix
- Appendix E Representative Correspondence

- Appendix O Landowner B Evidence Form

The Panel decided that the available evidence submitted was insufficient to show, that a Public bridleway subsists along the route marked "A to B" on the plan attached at Appendix B to this report, and therefore should not be upgraded to a Public bridleway on the Definitive Map and Statement of Public Rights of Way as such.

The Panel also decided that the available evidence submitted was sufficient to show, that a Public bridleway subsists along the route marked "B to C" on the plan attached at Appendix B to this report, and therefore should be upgraded to a Public bridleway on the Definitive Map and Statement of Public Rights of Way.

Decided – That (a) the evidence submitted by the applicant and that discovered by the County Council was not sufficient to show that a Public bridleway subsists along the route marked "A to B" on the plan attached at Appendix B to this report, and therefore should not be upgraded to a Public bridleway.

(b) evidence submitted by the Applicant in the application was sufficient to show, that a Public bridleway subsists along the route marked "B to C" on the plan attached at Appendix B to this report and therefore should be upgraded.

(c) an Order be made to upgrade the footpath marked "B to C" on the attached map at Appendix B to the definitive map and statement of Public right of way for the District of Stafford to the minimum width of 3metres throughout its length.
