PART ONE

47. Declarations of Interest

Carolan Dobson placed on record her role as Chairman of an Aberdeen Asset Management Investment Trust (see minute 60 below).

48. Minutes of meeting held on 3 December 2013

RESOLVED – That the minutes of the Pensions Panel held on 3 December 2013 be confirmed and signed by the Chairman.

49. Pension Fund Performance and Portfolio of Investments as at 31 December 2013

The Director of Finance and Resources submitted a summary of the performance of the Pension Fund together with a portfolio of the Fund's investments as at 31 December 2013 reporting that performance over the quarter had exceeded benchmark by 0.7% giving an overall value of £3.23billion.

Summarising the background to the positive performance the Director reported on the continued shift out of recession in the Eurozone and US and the UK GDP for 2013 being the highest since the start of the financial crisis in 2008. A note of caution was around the slowing rate of growth in Asia and the Emerging Markets.

RESOLVED – That the Pension Fund performance and portfolio of investments for the quarter ended 31 December 2013 be noted.

50. Approved Investment Strategy for Pension Fund Cash 2014/15

The Director of Finance and Resources referred to regulatory requirement on the Fund to have an Annual Investment Strategy (AIS) for the day to day management of the cash held by the Fund. The Strategy aimed to ensure the liquidity of the cash but also provided flexibility in cash management for circumstances such as were currently being experienced by the Fund in that 'excess' cash was being held for immediate allocation to any property acquisitions which may arise.

The Director reported that the Fund had been afforded access to the services of Arlingclose, treasury advisers appointed by Staffordshire County Council to report on the creditworthiness of suitable investment counterparties. He summarised the criteria applied by Arlingclose in identifying suitable counterparties, highlighting that any financial institutions with credit rating below A- were excluded from their Approved List. The Director submitted the proposed Approved Lending List for the Fund which was based on Arlingclose's recommendations and reported on the monthly review of that List taking account of any update recommendations by Arlingclose.

Continuing, the Director referred to the Funds use of Money Market Funds (MMFs) indicating the intention to continue with that practice and detailing the criteria to be met by MMFs to qualify for inclusion on the Approved List.

With regard to the investment of cash the Investment Strategy proposed maximum percentages and financial limits for banks/building societies and MMFs together with maximum investment periods for each.

The Director particularly referred to work underway on identifying a suitable banker for the Fund following the decision of the Co-operative Bank to withdraw its services from local authorities, and reported on the management of cash currently held with that Bank following the fall in their credit rating.

RESOLVED – That:

- (a) Approval be given to the Annual Investment Strategy 2014/15 for the investment of internally managed Pension Fund cash;
- (b) Approval be given to the holding of cash in excess of the 1% benchmark pending investment in other major asset classes;
- (c) The Director of Finance and Resources, in consultation with the Independent Advisers, be authorised to investigate other short term investment options for the cash currently held in excess of the 1% benchmark.

Report of the Director of Finance and Resources

PENSION FUND INVESTMENT PERFORMANCE 2013/14

1. Purpose of Report

1.1 To provide, for information;

- i) a summary of performance of the Staffordshire Pension Fund as at 31 March 2014; and
- ii) a portfolio of the Pension Fund’s investments as at 31 March 2014.

2. Performance Summary

2.1 Period

	<u>Fund</u> %	<u>Benchmark</u> %	<u>Relative</u> <u>Performance</u> %
June 2013 Quarter	-0.3	-0.6	0.3
September 2013 Quarter	2.8	2.1	0.7
December 2013 Quarter	4.6	3.9	0.7
March 2014 Quarter	1.0	0.7	0.3
Financial Year 2013/2014	8.2	6.2	2.0

2.2 Equity markets rose modestly in Q1 2014 but within this there was substantial volatility. The MSCI World ended the quarter up 1.02% in local currency terms. The S&P 500 and MSCI Europe were slightly ahead of global markets, ending the quarter up 1.65% and 1.82% respectively. Japan considerably underperformed global markets, falling 6.74%. Emerging Markets also continued to underperform, with Mexico falling 5.32%, Brazil 1.68% and China 5.83%.

2.3 In the US in March the Federal Reserve continued to taper its Quantitative Easing (QE) programme, lowering the monthly rate by a further US\$10bn. At the same meeting the new Federal Reserve (Fed) Chair, Janet Yellen, announced that the Fed may begin to raise interest rates around six months after the end of QE. This surprised investors who had been expecting deferred rate rises as this suggested a rate rise as early as Q1 2015.

- 2.4 US Q4 2013 GDP was revised down to an annualised 2.6% during the quarter with most of the blame for this put down to severe weather. The continued bad weather through January and February led analysts to cut their Q1 2014 expectations to around 1.5%. Post quarter end it was revealed that the first estimate of Q1 2014 GDP was a dismal 0.1%, suggesting the US economy has weakened from the strength that was seen in the second half of 2013.
- 2.5 In Europe the economy surprised on the upside, with GDP growth rates stabilising and some surveys, such as those in manufacturing, indicating healthy expansion. The area is still suffering from very high unemployment and there are now concerns that Europe may be falling into a deflationary spiral (Eurozone March CPI was 0.5%). As a result the European Central Bank is said to be considering introducing QE, which will have the effect of driving inflation higher.
- 2.6 Tension between Russia and Ukraine dominated political news in the first quarter of 2014, with Russia excluded from the next G8 meeting and sanctions imposed on President Putin's inner circle as a result of the annexation of Crimea. The economic complication is that around 30% of European gas comes from Russia and this reduces Europe's ability to impose any substantive sanctions on Russia.
- 2.7 The UK had another positive quarter in terms of GDP growth with the first estimate for Q1 GDP coming in at 0.8%. The nature of the economic recovery in the UK has attracted criticism, with the focus on the housing market through the Help to Buy scheme. This has led to some warning that the UK was on the threshold of another housing bubble.
- 2.8 Staffordshire Pension Fund concluded the Financial Year with another quarter of positive performance, generating a return of 1.0% and outperforming its benchmark return by 0.3%. This has concluded an extremely successful year for the Fund's investments, with a portfolio return of 8.2% which is 2.0% ahead of its benchmark return. Longer term, the Fund has also outperformed its benchmark returns over 3 and 5 years.

3. **Portfolio of Investments at 31 March 2014**

- 3.1 A copy of the Staffordshire Pension Fund's portfolio of investments as at 31 March 2014 is attached.
