PART ONE

91. Declarations of Interest

There were no Declarations of Interest on this occasion.

92. Minutes of meeting held on 5 December 2017

RESOLVED – That the minutes of the Meeting of the Pensions Panel held on 5 December 2017 be confirmed and signed by the Chairman.

93. Pension Fund Performance and Portfolio of Investments as at 31 December 2017

The Director of Finance and Resources submitted a summary of the performance of the Pension Fund, together with a portfolio of the Fund's investments, as at 31 December 2017.

The Panel were informed that the Fund had a market value of £4.9 billion as at 31 December 2017; the highest reported to date. However, since the quarter end there had been a fall in global markets, which impacted the market value of the Fund, seeing it drop back to an estimated £4.7 billion at the beginning of March. Over the quarter the Fund returned 3.8%, slightly underperforming its strategic benchmark by -0.2%. The best performing asset classes relative to their benchmarks were the Bonds and the Alternatives portfolios. Underperformances in Property and Emerging Markets detracted from performance against the benchmark, although absolute returns across all asset classes were positive.

Despite the marginal underperformance this quarter, the Fund had outperformed its strategic benchmark in the 1, 3 and 5 year time periods. Annualised returns over both 3 and 5 years were in excess of 11% per annum, well above the investment return assumptions used by the Actuary as part of the triennial valuation.

RESOLVED – That the Pension Fund Investment performance and the portfolio of investments for the quarter ended 31 December 2017 be noted.

94. Approved Investment Strategy for Pension Fund Cash 2017/18

The Director of Finance and Resources reported that revisions in the Pension Fund Investment Regulations no longer specifically required the Fund to have an Annual Investment Strategy (AIS) for the investment of internally managed Pension Fund Cash. However, as good practice, it was proposed to continue to publish such a Strategy.

The Panel noted that the Pension Fund had a small strategic asset allocation to cash of 1%, recognising that cash balances were needed for the day to day management of the Pension Fund. This cash was managed by Officers in the County Council's Treasury and Pension Fund Team, to provide liquidity and pay bills as they arose. It was not invested solely to seek a return and was not usually considered a major asset allocation decision.

The cash held increased from time to time, pending investment in other major asset classes e.g. property and private debt. The proposed AIS therefore needed to allow for such situations occurring and the Panel would need to agree these temporary increases as part of its quarterly review of the strategic asset allocation benchmark, together with any associated ranges. Also during 2017/18, tactical divestments from equities were made when valuations were high; the proceeds from these were still being held in cash pending reinvestment. As a result of these relatively high cash balances, the Director of Finance and Resources authorised the increase in the investment limits for individual Money Market Funds (MMF's) (including cash plus funds) from £30m to £40m during the year and these increased limits were still in effect.

The proposed main objectives for the AIS were to:

- provide security of capital (i.e. ensure the return of the money and interest);
- provide liquidity (i.e. pay the bills as they fell due and ensure funds were available for reinvestment when needed); and
- earn interest (i.e. obtain a reasonable return within the constraints outlined above).

The Panel noted that the main circumstances where a revised strategy would be prepared included a change in:

- the Fund's strategic asset allocation;
- the economic environment;
- the financial risk environment; and
- the regulatory environment.

To allow for the practical management of the treasury transactions each day, it was proposed that the change in investment limits and the choice over the investments made be delegated to the Director of Finance and Resources. Outside of this, the Pensions Panel would need to assess any specific requirements and consider any changes that may be required to the AIS.

In response to a question by Mr Davis in relation to the Fund's ability to use its overweight position in cash to invest in the provision of housing stock within Staffordshire, the Director of Finance and Resources indicated that a large proportion of

the cash was already committed and was awaiting draw-down. The Director added that the Pension Fund had a fiduciary duty to its members and that any decision to invest in housing stock would need to be in accordance with the Fund's strategic asset allocation and investment strategies and within that would need to be the right investment for the Fund and ultimately in the best financial interest of the Fund's members.

RESOLVED – (a) That the Annual Investment Strategy (AIS) for the Staffordshire Pension Fund for the investment of internally managed Pension Fund cash be approved.

(b) That the Director of Finance and Resources be authorised to take any necessary urgent action to amend the Annual Investment Strategy as a result of changes to the Fund's strategic asset allocation, the economic environment, the financial risk environment, the regulatory environment or any other relevant factor.

(c) That the decision on the further use of 'cash plus and short bond' funds be delegated to the Director of Finance and Resources, after taking appropriate advice.

95. Dates of Future Meetings

- 5 June 2018
- 24 July 2018 (Managers' Day)
- 4 September 2018
- 4 December 2018
- 5 March 2019

All meetings are scheduled to start at 9.30am at County Buildings, Stafford.

96. Exclusion of the Public

RESOLVED - That the public be excluded from the meeting for the following items of business which involve the likely disclosure of exempt information as defined in the paragraph of Part One of Schedule 12A of the Local Government Act 1972 (as amended) indicated below.

PENSIONS PANEL – 5 June 2018

Report of the Director of Finance and Resources

PENSION FUND INVESTMENT PERFORMANCE 2017/18

1. Purpose of Report

1.1 To provide, for information;

- i) a summary of performance of the Staffordshire Pension Fund as at 31 March 2018; and
- ii) a portfolio of the Pension Fund’s investments as at 31 March 2018.

2. Performance Summary

2.1 Period

	<u>Fund</u> %	<u>Benchmark</u> %	<u>Relative Performance</u> %
June 2017 Quarter	0.5	0.6	-0.1
September 2017 Quarter	1.7	1.6	0.1
December 2017 Quarter	3.8	4.0	-0.2
March 2018 Quarter	-2.9	-3.0	0.1
2017/2018 Financial Year	3.1	3.0	0.1

2.2 2018 began as 2017 had finished, with strong momentum in global equity markets; then in the first week of February 2018 markets tumbled. The fall in equity markets was caused by concerns that strong US economic growth would increase inflation and thus lead to higher interest rates. Markets did recover to some extent, but the threat of a trade war between the US and China ensured the recovery was muted and most global indices ended down for the quarter.

2.3 Within global equity markets, the US outperformed Europe, with the S&P 500 falling only 0.9%, whilst the MSCI Europe fell 4.4% (in local currencies). Emerging markets generally fared better than developed markets, with Brazil having a particularly strong quarter. The MSCI Brazil index rose by over 10% during the quarter.

2.4 In the UK the FTSE 100 Index started on a positive note before ending the quarter firmly in negative territory. Weakness in the UK housing market further unsettled investors, while Brexit developments remained in the news. A transition deal was met with tentative approval in March.

2.5 In Europe, as with other developed markets, equity markets were down for the quarter, with Ireland and Poland faring particularly badly. In political developments, as one area of uncertainty was resolved, with Angela Merkel finally agreeing a deal to form a coalition government in Germany four months after the election, another emerged; the lack of a clear winner in the Italian general election acted as a further drag on markets.

3. **Fund Value**

3.1 The Fund had a market value of £4.8 billion as at 31 March 2018; the highest reported at a financial year end.

3.2 Over the quarter the Fund returned -2.9%, slightly outperforming its strategic benchmark by 0.1%. The best performing asset classes relative to their benchmarks were global equities and the alternatives portfolios. Underperformance in bonds and emerging markets were the biggest detractors from performance.

3.3 The Fund has outperformed its strategic benchmark in the 1, 3, 5 and 10 year time periods. Annualised returns over both 3 and 5 years are in excess of 8% per annum, well above the investment return assumptions used by the Actuary as part of the triennial valuation.

4. **Portfolio of Investments as at 31 March 2018**

4.1 A copy of the Staffordshire Pension Fund's portfolio of investments as at 31 March 2018 is attached.
