Dear Mrs Phillips,

Thank you for the wonderful opportunity! We thoroughly enjoyed the educational experience. My favourite part of the day was creating the R.E booklet & with my friends and I liked having hands on objects/clothing in each exhibition.

The facts that stick out to me most about the Islamic exhibition are Zakah (Charity) and how the Muslims give 2.5% of every £10 (25p) to a chosen Charity for children. It's also very interesting to know that 'Asalam u Alaikum' means Peace be upon you and 'Walaikum Asalam' means Peace be upon you too. I didn't know that Muslims have to visit the Ka'ba in Mecca at least once in their lives.

I enjoyed the Christianity exhibition as well and I can't believe Christians use noise to worship God! Going in the Baptism bath was fun because it was very interesting to know that people get gully submerged! Did you know there are 66 stories in the bible?

Overall it was an amazing experience and I can't wait to show other people in the juniors how to use the book creator app! We've already show our R.E booklet to KS2 and they were very impressed.  
THANK YOU!!!!

yours sincerely,
