This document sets out the work programme for the Healthy Staffordshire Select Committee for 2020/21.

The Healthy Staffordshire Select Committee is responsible for:

- Scrutiny of matters relating to the planning, provision and operation of health services in the Authority's area, including public health, in accordance with regulations made under the Health and Social Care Act 2001 and subsequent guidance.
- Scrutiny of the Council's work to achieve its priorities that Staffordshire is a place where people live longer, healthier and fulfilling lives and In Staffordshire's communities people are able to live independent and safe lives, supported where this is required (adults).

Link to Council's Strategic Plan Outcomes and Priorities

Be healthier and more independent

A joined up approach to **Health, Care and Wellness** that encourages people to take responsibility for their own health and plan for their future, so that we can support those who really need it.

We review our work programme from time to time. Sometimes we change it - if something comes up during the year that we think we should investigate as a priority. Our work results in recommendations for NHS organisations in the county, the County Council and sometimes other organisations about how what they do can be improved, for the benefit of the people and communities of Staffordshire.

Councillor Jeremy Pert

Chair of the Healthy Staffordshire Select Committee

In Staffordshire, the arrangements for health scrutiny have been set up to include the county's eight District and Borough Councils. The Healthy Staffordshire Select Committee is made up of elected County Councillors and one Councillor from each District or Borough Council. In turn, one County Councillor from the Committee sits on each District or Borough Council overview and scrutiny committee dealing with health scrutiny. The Healthy Staffordshire Select Committee concentrates on scrutinising health matters that concern the whole or large parts of the county. The District and Borough Council committees focus on scrutinising health matters of local concern within their area.

They therefore undertook to ensure that such measures on future service reconfigurations were robust, meaningful and took account of local concerns. In addition, the Trust gave the Committee assurances regarding the future of the CFR service in general and the contribution they foresaw it would make to the continued provision of an Outstanding service to the residents of the County.</i></p>

With regard to the County Council's Public Health responsibilities, they heard that whilst the longer-term effects of the pandemic were not yet known, actions to improve mental health in the wider population would require a sustained system-wide, multi-agency approach lasting many years.</p> <p>In response to the above, the Committee identified certain immediate actions aimed at improving access to services in the County.</p> <p>RESOLVED - (a) That the presentation/report be received and noted.</p> <p>(b) That the impact of the 2020 Covid-19 Pandemic on Care Homes in Staffordshire be monitored closely and that further scrutiny of relevant commissioners be undertaken at the appropriate time, as necessary.</p> <p>They received a presentation/report from the Deputy Leader and Cabinet Member for Health, Care and Wellbeing regarding Residential Care Provision and the 2020 Covid-19 Pandemic in Staffordshire.</p> <p>Members learned that whilst approximately 50 % of Care Homes in the County had recorded at least one case of the virus (amongst residents and staff), all Homes had been affected to a degree (i) operationally; (ii) clinically and/or; (iii) financially. 			<p>infection control; (iii) supplies of Personal Protective Equipment; (iv) surveillance and response to cases and outbreaks; (v) Clinical support; (vi) testing; (vii) intensive support with staffing where required; (viii) arrangements to reduce the movement of staff and; (ix) additional funding. They were pleased to note that the plan had helped to alleviate the position in respect of the above-mentioned areas but agreed to keep Staffordshire's response to the Pandemic under review as the situation both nationally and locally developed.</p>
<p>10 August 2020</p>	<p>Backlog of hospital appointments as a result of Covid-19 (Acute Trusts, CCGs).</p>	<p>Requested at pre-Agenda preview on 26 June 2020.</p>	<p>RESOLVED – (a) That the presentation/report be received and noted.</p> <p>(b) That the impact of the 2020 Covid-19 Pandemic on the backlog of hospital appointments be monitored closely and that further scrutiny of health Partners be undertaken at the appropriate time, as necessary.</p> <p>The Committee received a joint presentation/report from (i) Staffordshire Clinical Commissioning Groups (CCG); (ii) University Hospitals of North Midlands NHS Trust; (iii) School Aged Immunisation Service (SAIS); (iv) University Hospitals of Derby and Burton NHS Foundation Trust and; (v) Royal Wolverhampton NHS Trust regarding the backlog of hospital appointments arising from the Covid-19 pandemic.</p> <p>Members were provided with detailed statistical and graphical information relating to:- (i) Capacity; (ii) performance against the NHS Two Week Cancer Wait Target; (iii) progress in reducing the 62 and 104 Days Cancer Pathways backlogs; (iv) Cancer Endoscopy Waits; (v) progress with regard to the implementation of various Cancer Screening Programmes; (vi) Follow-up Appointments; (vii) Routine Surgery Referral to Treatment Pathway Waiting Lists; (viii) Accident and Emergency Unplanned Pathways and; (ix) Inpatient and Outpatient Activity etc.</p> <p>Members scrutinised and held the CCGs, Trusts and SAIS to account over their performance asking questions and seeking clarification where necessary. They learned that whilst the Pandemic initially had a significant impact on the NHS, many of those services which had been halted, were now in the process of being restored. Other services such as routine GP appointments had adapted/been managed remotely during the crisis in order to comply with social distancing guidelines. In addition, they were pleased to note that Staffordshire NHS Trusts/CCGs had robust plans in place for the recovery period until March 2021 and had refreshed their long-term Plans to take account of the significant change in circumstances which had occurred including identification of future risks and challenges and appropriate measures to mitigate their impact. Also, the joint working which had taken place in Health was noted and welcomed.</p> <p>The Committee went on to make various suggestions as to how the recovery phase could be improved for the benefit of residents in the County and undertook to keep the developing situation with regard to Covid-19 under close scrutiny, as necessary.</p>
<p>14 September 2020</p>	<p>(i) Winter Plans (Acute Trusts, CCGs, SCC).</p>	<p>Requested at pre-Agenda preview on 26 June 2020.</p>	<p>RESOLVED – (a) That the report/presentation be noted.</p> <p>(b) That the impact of the 2020 Covid-19 Pandemic on the implementation of NHS Winter Plans be closely monitored and any further scrutiny be undertaken at the appropriate time, as necessary.</p> <p>The Committee received a joint presentation/report from (i) Staffordshire Clinical Commissioning Groups (CCGs); (ii) University Hospitals of North Midlands NHS Trust; (iii) University Hospitals of Derby and Burton NHS Foundation Trust and; (iv) Royal Wolverhampton NHS Trust and (v) County Council regarding the impact of the 2020 Covid-19 Pandemic and their Winter Plans for the 2020/21 season.</p> <p>Members were provided with a PowerPoint presentation, in advance of the meeting, setting out detailed information on Health and Care's Winter Plans including:- (i) Phase Three National Restoration and Recovery Priorities; (ii) Restoration and Recovery: Waiting Lists Update; (iii) Assumptions this Winter informed by data relating to Accident and Emergency Attendances, Primary Care Appointments, NHS 111 Analysis; (iv) Areas of Focus; (v) Mental Health; (vi) Planning for Covis-19 Surges; (vii) Communications</p>

	(ii) Hearing Aids (CCGs)		<p>and Engagement; (viii) Risks and Mitigations; (viii) National Discharge Service: Policy and operating Model; (ix) Discharge Pathways – System Success; (x) additional submitted Trust specific information.</p> <p>Following a brief oral instruction from Staffordshire CCGs Accountable Officer, Members scrutinised and held the Trusts/organisations to account over the scope, timeliness and details of their Plans, asking questions and seeking clarification where necessary. They were encouraged by the extent of the preparations which had been made notwithstanding existing system pressures during the year and continued uncertainty surrounding the course of the Pandemic. They learned that Health and Care's focus would be to restore services previously stood down or curtailed whilst ensuring patients/service users remained safe. In addition, measures were being implemented to maintain capacity in primary and secondary care whilst endeavouring to manage demand by keeping people well through eg implementation of the extended national flu vaccination programme and preparing for a Covid-19 vaccine to become available. However, the Committee noted the various challenges which were likely to continue over the winter period, including recruitment of Doctors to General Practice, waiting times for certain elective procedures and the adverse effects of the outbreak on mental health in the general population. In response to requests for assistance, the Committee stated their willingness to work jointly with system Partners, particularly in area of communication and engagement, as necessary, for the benefit of residents in the County.</p> <p>RESOLVED – (a) That the report be received and noted.</p> <p>(b) That details of cost savings/cost effectiveness of North Staffordshire Clinical Commissioning Group's 2015 policy change relating to NHS hearing aid provision be shared with the Committee, as soon as possible.</p> <p>(c) That the results of the Staffordshire and Stoke-on-Trent Clinical Commissioning Group's informal 'Difficult Decisions' consultation conducted in January to March 2020 be shared by with the Committee, as soon as possible.</p> <p>(d) That the Committee keep this matter under review and any further scrutiny of Staffordshire and Stoke-on-Trent Clinical Commissioning Groups' policies in respect of NHS hearing aid provision be undertaken at the appropriate time, as necessary.</p> <p>The Committee received an update report from Staffordshire Clinical Commissioning Group's (CCGs) Accountable Officer regarding NHS hearing aid provision in Staffordshire. This followed reconfiguration of the existing service for people with mild age-related hearing loss by North Staffordshire CCG and subsequent County-wide review by all CCGs following publication of the findings of a Cochran review in 2017 and change in guidance from The National Institute for Health and Care Excellence. Initial consultation and engagement with stakeholders regarding future hearing aid provision had taken place between January and March 2020 as part of the Difficult Decisions programme's Listening Exercise. However, formal consultation had been postponed owing to the Covid-19 Pandemic and the need to support frontline services and adhere to social distancing requirements. Whilst the CCGs could not give an indication, at this stage, when the work would resume, they undertook to recommence it as soon as it was safe to do so.</p> <p>In response to a request, the CCGs Accountable Officer undertook to share the information received during the above-mentioned listening exercise, together with details of cost savings achieved from the revised policy, with the Committee, in the interim.</p>
13 October 2020	Invitation to attend meeting of Safe and Strong Select Committee for pre-deision scrutiny of Children's Transformation Plan		

<p>26 October 2020</p>	<p>(i) Learning Disability Services (Day and Respite Care) (SCC)</p> <p>(ii) Covid -19 Changes to Service Delivery (CCG)</p>	<p>Requested at pre-Agenda preview on 28 August 2020.</p> <p>Offered by CCG at meeting with Scrutiny and Support Manager on 8 October 2020</p>	<p>RESOLVED – (a) That the report be received and noted.</p> <p>(b) That clarification of the increase in capital costs (as set out in the report) associated with developing the Scotch Orchard, Lichfield and Wilmot Drive, Newcastle under Lyme sites by the County Council into directly provided residential care facilities be provided to the Committee.</p> <p>(c) That an indication of the timescales envisaged by the County Council for developing the above-mentioned sites be provided to the Committee.</p> <p>(d) That confirmation of the Care Quality Commission’s approval to the registration of new residential care facilities at the above-mentioned sites be provided to the Committee.</p> <p>The Committee considered a report of the Cabinet Member for Health, Care and Wellbeing (Staffordshire County Council) giving details of his forthcoming recommendations to Cabinet at their meeting on 18 November 2020 to review their decisions made in 2019 in respect of (i) transition of Greenfield House, Leek and Horninglow Bungalows, Burton-upon-Trent to the independent supported living market; (ii) capital investment for the relocation of directly provided residential care services currently situated at Hawthorne House, Lichfield to the Scotch Orchard site; (iii) capital investment for the relocation of the respite services currently provided at Douglas Road, Newcastle-under-Lyme to Wilmot Drive and; (iv) commissioning of residential replacement care services in Cannock Chase District and East Staffordshire Borough from the independent sector. This was to ensure that they remained appropriate in light of the 2020 Covid-19 pandemic.</p> <p>In addition, he informed them that following the suspension of a review of Specialist Day Care Opportunities in March 2020 owing to the above-mentioned outbreak, it was his intention to recommend Cabinet that the review be restarted, to include:- (i) the current building-based provision; (ii) alternative methods of supporting people in their own homes (eg Outreach and Virtual) which had been developed following the outbreak and need to comply with social distancing guidelines; (iii) staffing and; (iv) the exploration of a business case for development of a Single Integrated Service.</p> <p>In response to a request by the Cabinet Member for their views on the above-mentioned developments/proposals the Committee scrutinised the report, asking questions and seeking clarification where necessary. They expressed support for the changes to Learning Disability Services Directly Provided by the Authority. However, they expressed concern regarding increased costs of developing the Scotch Orchard and Wilmot Drive sites and requested the Cabinet Member provide them with additional information to also include an indication of timescales and confirmation that the Care Quality Commission had given their support to their dual use for Residential Replacement Care and Specialist Day Opportunities.</p> <p>RESOLVED – (a) That the report/presentation be received and noted.</p> <p>(b) That the restoration and recovery of services by Health following the 2020 Covid-19 Pandemic be kept under review by the Committee and further scrutiny be undertaken at the appropriate time.</p> <p>(c) That Members notify the Scrutiny and Support Manager of problems relating to the availability of flu vaccinations in their areas by no later than Tuesday 27 October 2020, for forwarding to Clinical Commissioning Groups, as necessary.</p>
-------------------------------	--	--	---

			<p><i>The Committee also considered a report and PowerPoint Presentation from Staffordshire Clinical Commissioning Groups' (CCGs) Accountable Officer updating them on the restoration and recovery of services following the 2020 Covid-19 Pandemic including:- (i) The Impact of the Virus; (ii) Staffordshire and Stoke-on-Trent Restoration and Recovery and Financial Plans; (iii) Key Risks and Challenges; (iv) Temporary Service Changes implemented following the outbreak; (v) Locally Driven Changes; (vi) Communications and Engagement; (vii) Next Steps and; (viii) Updates by specific service areas. Members then scrutinised and held the CCGs to account. In the full and wide-ranging discussion which ensued the Committee emphasised Health's statutory duty to consult on substantial variations in service provision, notwithstanding the implications of the pandemic. They were particularly concerned about the implementation of the extended Flu vaccination programme and any shortages of vaccine with might arise. However, they received assurances that current stocks of vaccine were adequate to meet the needs of Phases 1 (over 65-year olds) and 2 (over 50-year olds) in Staffordshire. However, they undertook to notify the CCGs of any difficulties which arose in this respect, in individual localities going forward. In addition, they encouraged Health to build on the lessons learned so far during the pandemic with regard to mental health services, virtual appointments and engagement with local communities and their representatives. They undertook to encourage local residents to present at GP surgeries in their divisions, as necessary and asked for benchmarking data relating to face to face and virtual appointments by practice so that areas of concern could be scrutinised further. They were re-assured that critical services such as cancer care had successfully been restored and went onto seek clarification of the status of various other local health facilities in the County which had been temporarily closed since the outbreak, highlighting the health inequalities which would have arisen as a result.</i></p>
