

INGESTRE WITH TIXALL PARISH COUNCIL

2, The Hanyards,
Tixall,
Stafford, ST18 OXY

15 July 1999

20 JUL 1999

Dear Sir,

ALLEGED PUBLIC BRIDLEWAY BETWEEN TRENT WALK & INGESTRE HOME FARM

With reference to your letter of July 12th, Ref. 4/0TS/LF624G, we note that you are already investigating this section of alleged bridleway, Ref. 4/MWB/amr/19/11/56, and we wrote to you in 1997 about it.

The previous application submitted the 1802 Diversion Order as evidence, which was used to prove that Ingestre Road was a Public Highway and therefore should be maintained by Staffordshire County Council. More recently it was used to correct the anomaly of the Public Bridleway from Dairy Bridge, Tixall, apparently ending at Fiddlers Lodge and becoming a Public Footpath.

The 1802 Diversion Order appears to cover 3 alleged bridleways: The A51 and Trent Walk to Fiddlers Lodge Ref. 4/MWB/cd/19/11/156 (1996); Trent Walk to Ingestre Home Farm; and Ingestre Wood to the bottom of Hanyards Lane Ref. 4/MWB/amr/19/11/56 (1997). It would be sensible to consider all three at the same time.

The latest repeat application from Trent Walk to Ingestre Home Farm depends on other parts of the network to provide a through route.

Two members of the Parish Council have a direct interest in the alleged bridleways. We do not therefore wish to comment further.

Yours sincerely,

Anne Andrews

Dear Sir,

Re: Alleged public bridleway between Trent Walk and Home Farm, Ingestre.

Thank you for your letter of the 12th July 1999, whilst we are quite happy to support the creation of a bridleway at this location we would have no evidence to support.

Thank you for consulting us .

Yours faithfully,

Duly Authorised Officer

26th July 1999

Dear Sir,

Wildlife and Countryside Act 1981 Alleged Public Bridleway between Trent Walk and Home Farm, Ingestre

Your letter 4/OTS/LE624G of 12th July 1999 refers:

The Cyclists' Touring Club has passed the above letter, together with the enclosures, to me for action as one of their local representatives.

I have ridden over this route on many occasions over a number of years and therefore know the site quite well and so am well placed to judge its likely impact on any cyclist living locally or travelling through the area. In my view the proposals will have no adverse effect on cyclists. The proposals can only be beneficial since the designation allows use by cycle over the proposed route and it will provide a pleasant alternative to the busy A51 road between Great Haywood and Hixon. I therefore support the proposal.

Like the bridleway applicant and witnesses myself with friends and family have used this route over a period of 20 years and have also taken our local cycling section through to Trent Walk after visiting Ingestre Church. On no occasion have we found obstruction or resistance and it has proved a safe route from the pleasant lanes on the edge of the Cannock Chase to the country lanes to the east of the A51 main road which can be very busy at times. In my view the proposed route is unlikely to cause inconvenience to the landowner or local residents.

Yours faithfully

TRG Williams
CTC Right to Ride Representative

Dear Sir

(OS)

I write in response to the consultation request, to the Ramblers Association, on the Section 53 (Wildlife + Countryside Act) application on the lane from Ingestre Bridge (on the Trent and Mersey Canal) to Home Farm, Ingestre.

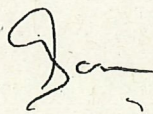

The RA would support this application as a logical extension of the existing path over Ingestre Bridge, which terminates abruptly at the River Trent. Completion to Home Farm would allow a circular walk from the Haywoods to Nixon then Ingestre and back. Ingestre is already notorious for its lack of rights of way, despite the great beauty of the area. The few existing paths are difficult to locate and walk.

PC ack 22/7/99

Ramblers Association

The statements made seem to us to
be supportive of a bridleway, on
the route suggested.

Yours sincerely,

COLWICH / INGESTRE FOOTPATH
SECRETARY RAMBLERS ASSOCIATION
