7th July, 2003.

Dear Sir,

Application by Ramblers Association for addition  
of Footpath on Definitive Map of Public Rights of Way.

It has come to our knowledge that an application has been made by the Ramblers Association, Staffordshire Area, for the addition to the Definitive Map of a footpath running from Tenement Farm to Edgewells Farm, Ramshorn.

As Agents for the owners of the land concerned, we assume that we would have received from you a formal notification of this application but so far we have only received a FAXED communication from the Parish Council Chairman on which it is stated that representations should be made to you by the 11th instant.

On behalf of the owners, we wish to formally register objection to the inclusion of this footpath on the Definitive Map. It has never been recognised or used as a public right of way to our knowledge for the last 50 years.

We shall be obliged if you will acknowledge receipt of this letter.

Yours faithfully,

[Redacted signature]

The Head of Development Services,  
East Staffordshire Borough Council,

*To Development Services,*

*It has come to our attention that you propose to install a public footpath across our land ending or starting in our farm yard. We are certainly not in favour of this in anyway. We farmers are having to finance ever increasing costs of Biosecurity measures, while you are intending to have the general public traipsing everywhere. Also it poses more threats to the security of our property. It would have been courteous to have been consulted on this matter.*

*Yours sincerely*
