Important Note

The object of this enquiry is simply to reach the truth of the matter, whatever it may be. Witnesses are therefore asked to answer the questions as fully as possible and not to keep back any information, whether for or against the public status claim. This is of particular importance if the information is to be of real value in establishing the status of the way.

Name of witness (*Mr/Mrs/Miss/Ms) THOMAS MELLON

Guidance Notes on the completion of Public Rights of Way Evidence Forms

1. As far as possible **ONLY** the witness should complete the form, preferably in black ink. If another individual completes the form on their behalf they should indicate this at the end of the form.
2. Each witness should answer all questions fully with as much detail as possible.
3. Each witness should complete a separate form in respect of each claimed right of way about which she/he can give evidence.
4. A plan must be attached and **ONLY** the witness should clearly draw the route of the claimed right of way on the plan, and initial the plan at each end of the drawn route.
5. The route of the claimed right of way should be described as accurately as possible, giving details of such things as property and field boundaries, stiles, gates, bridges and stepping stones, etc.
6. Witnesses should indicate whether they are prepared to give evidence either in a court or at a public inquiry. (The evidential value of a statement is reduced if it cannot be subject to cross examination).
7. If a witness would be unable to give evidence at a hearing because of ill health, age, etc the person obtaining the statement should endorse the form accordingly, and be able to give evidence of the circumstances.
8. **Please note** The Freedom of Information Act 2000 provides a general right of access to all information held by Staffordshire County Council. The Environmental Information Regulations 2004 provide a similar right of access to environmental information held by the Council.
