Subject: application to change a footpath into a bridle path

For the attention of whoever can assist please, I've been asked to contact your department after speaking with the highways department,

On the 31st of March I received the attached letter via recorded delivery regarding the change of use of a footpath across my ground with a map attached (if you need this let me know) I am firmly opposed to this change but there is no proof it is applied for and no contact details can you please advise,

is this a formal application ?
if so how long do I have to contest ?
how is the best way to stop this happening ?

Can you please acknowledge receipt of the email and advise on the questions above.

With best regards,

[REDACTED]
