

LOCAL PENSIONS BOARD – 29 SEPTEMBER 2023

Report of the Director of Finance

STAFFORDSHIRE PENSION FUND RISK REGISTER

Recommendations of the Chairman

1. That the Local Pensions Board ('Board') notes the risks, relating to Administration from the current Staffordshire Pension Fund Risk Register, as presented in Appendix 1.

Background

2. At their meeting in June 2023, the Pensions Committee noted the high-level risks identified within the Staffordshire Pension Fund Risk Register. The Committee also asked the Board to continue to undertake a regular detailed review of the risks identified and the process for maintaining the Risk Register, and report back to the Committee on any areas of concern.
3. To assist with their review, the Board requested that one of the four main risk areas (Governance, Funding, Administration, and Investment), be presented to them at each meeting, for their consideration. This was to align with the risk area considered by the Officer working group that quarter.
4. Board members have joined the Assistant Director for Treasury & Pensions and Senior Pensions and Investment Officers, forming the Officer working group, on a quarterly basis. Working through the detail of the individual risks, they collectively determine individual risk scores by considering the potential impact any one risk might have, together with the likelihood of that risk occurring. Members of the Board are invited to continue to attend these working groups if they so wish.
5. At a meeting on 18 August 2023, the Officer working group, together with a member of the Local Pensions Board, reviewed the risk area of Governance. Pre and post control ratings were re-assessed, considering any new controls or sources of assurance. New areas of potential risk were also considered. Post control, Fund Officers believe there are no areas of high risk and seven areas of medium risk.
6. The seven areas of medium risk relate to matters including:
 - i) Review against governance standards;
 - ii) The appointment of Advisers;
 - iii) Custody arrangements for private market investments;
 - iv) Knowledge of legislative change; and
 - v) External Audit reporting to Pensions Committee.

Whilst all the medium risk areas are deemed to be well managed and have appropriate controls in place, the scores have increased predominantly due to the likelihood of an event happening. E.g. upcoming changes in legislation.

7. The full list of the current Governance Risks is presented in Appendix 1 for the Board to discuss and / or note at today's meeting.
