

BRFC & CYPF Transformation Integration

Intelligence Function

As is: TBC

- Sources of intelligence
- Systems
- Format
- Governance

Gaps in intelligence sharing
aim to be fixed by knew way of working

Intelligence informs all areas

BRFC

As is

Multi Agency Service Response	Services work together	CAF	Support Communities
Superlight families	Multiple needs addressed	Light families	Intensive families (FIP)
Address whole family issues	Key worker model	Family plan/outcome star	Act on intelligence proactively
Share intelligence Proactively	Pull in professionals (Do not pass on)	Accreditation framework	Local partnership governance

Gaps

Front Doors

As is: TBC

- Customer journey
- NFA – Root Cause
- What as is looks like Staffs
- Data Analysis

Data
What the data shows e.g
X % NFA
Demand management
Root Causes
= Options Appraisal

Gaps

Accreditation scheme

Pilots

As is TBC:

- Family Function model to be mapped against pilots to understand which the pilots are achieving

Gaps

Community Capacity

As is: TBC

- What's in the currently within the community
