In the Staffordshire Agreed Syllabus for Religious Education, legal requirements state that RE should be provided as part of the basic curriculum for all registered pupils attending a maintained school.

At Key Stage 4 all pupils should fulfil their entitlement by following as a basis an accredited specification (from a recognised examination board) in Religious Studies. Schools should provide reasonable time for pupils to complete this and if appropriate, to attain an external qualification.

At KS5 pupils may follow the programme of study provided within the Agreed Syllabus or an accredited specification (from a recognised examination board) in Religious Studies.

Staffordshire SACRE recognises the independence of Academies and Free Schools. However, it commends the Agreed Syllabus to them as a constructive and collaborative way to meet their legal requirements in Religious Education.

In line with the SACRE remit, the analysis of GCSE and A level results that follows only takes account of local authority maintained schools.

A list of maintained schools (correct 16.01.17) is provided for reference.

#### Points to note:

- Overall, both national results and Staffordshire's results for GCSE Religious Studies in 2016 are broadly in line with overall results achieved in 2015. In 2015 the National Average A\* to C was 70.6% (72% in 2014) and the Staffordshire Average A\* to C was 68.4% (68.5% in 2014)
- Results for all pupils show that pupils in Staffordshire achieved slightly below the national average at grades A\*-C but in line with the national average for grades A\*-G. The results for both male and female pupils reflect the results for all pupils.
- However, a closer look at the results tables reveal that there were several schools achieving results well above the national average. SACRE members may wish to congratulate these schools on their achievements.
- When looking at the results for all pupils SACRE would be mindful to take note of the number of pupils on role versus the number of entries. This gives an insight into the provision that different schools have in place for pupils at KS4.

### Points to note:

- Overall, both national results and Staffordshire's results for A Level Religious Studies in 2016 are broadly in line with overall results achieved in 2015. In 2015 the National Average A\* to B was 54.5% (51.7 % in 2014) and the Staffordshire Average A to B was 52% (42.6 % in 2014).
- Results for all pupils show that pupils in Staffordshire achieved slightly below the national average at grades A\*-B but broadly in line with the national average for grades A\*-E. The results for female pupils reflect the results for all pupils. The results for male pupils revealed that they performed below the national average.
- However, a closer look at the results tables reveal that there were several schools achieving results well above the national average. SACRE members may wish to congratulate these schools on their achievements.
- The number of entries per school is small. This is not unexpected at KS5 for which examination courses will be optional.
