Dear Mr MORRIS,

RE: Public Foot Path 73

Aspectab Road woodens.

I believe on

your authority this stile

was removed on 21-11-94

in parts this

foot path is only 3 to 4 feet

wide. To me THREE INTO ONE

will not go. "I E".

People HORSES AND

(Motor Bikes that

are not insured ???)

(2)

Some of these horses are
as big as 16 and 17 hands
tall. my grandchild is all
very frightened when they
are confronted by these

large animals. Last

summer was the first time

12 years that you could

walk in the woods in

peace also the entrance to

the foot path faces a

senior citizens bungalow

complex. Do you REFRUSE

WHAT YOU HAVE DONE

TO THIS one? quite

Villagel. would you like

this in your back

garden.

Why can't the horses

go out at the top

by the farm where the

AMOS'S Woodhouse Farm
riding stable are who has
also Mt Whalley who has
got horses, to open
a gate at the bottom
of her field that she
rents. To take her out
into the woods at
least this would keep
out the BIKERS

who not fast runners
as the stice was up

Councillor. He said it
should not have been
taken down, one should
have been opened up at
Amos's Farm, who is right
