Dear Julie,

Re: s53 application to upgrade FP14 Cheadle to a Restricted Byway

I am writing further to your e-mail dated 13 June 2021, whereby you provided an image from an 1837 Ordnance Survey Map showing the alleged route.

Your comments have been noted. However, whilst we note that the map shows the physical existence of the alleged route, there is nothing on the map to confirm the exact status of the route.

Therefore, we will not be changing our recommendation. We confirm that this additional evidence will be put before the CROW Panel.

Yours sincerely

H.J.Titchener
