PUBLIC RIGHT OF WAY EVIDENCE FORM

Important Note

This statement should be completed and returned to the person making the application so that it can be submitted with or form part of an application seeking a change to the Definitive Map and Statement of Public Rights of Way.

This statement is intended to provide preliminary evidence about the application. When the Order- Making Authority (OMA) commences detailed research, an officer from that authority may contact you to seek further information or ask you to be interviewed about your evidence.

This statement is designed to help establish whether or not the route being claimed in the application is a public right of way. It also provides evidence of how it is used (for example on foot, on horseback, by vehicles etc).

You should answer the questions as fully as possible and not keep back any information, whether for or against the public claim. This is important if this information is to be of real value in establishing the status of the application route. The information given may be examined at a public inquiry.

This statement should be completed by one person only and should relate to only one route. If you need more space please continue on a separate sheet which will need to be attached to this statement.

If completing the statement by hand, please ensure it is written legibly and in black ink.
