

## **Health and Care Overview and Scrutiny Committee**

### **Draft Work Programme 2023/24**

This document sets out the work programme for the Health and Care Overview and Scrutiny Committee for 2023/24.

The Health and Care Overview and Scrutiny Committee is responsible for:

- Scrutiny of matters relating to the planning, provision and operation of health services in the Authority's area, including public health, in accordance with regulations made under the Health and Social Care Act 2001 and subsequent guidance.
- Scrutiny of the Council's work to achieve its priorities that Staffordshire is a place where people live longer, healthier and fulfilling lives and In Staffordshire's communities people are able to live independent and safe lives, supported where this is required (adults).

#### **Link to Council's Strategic Plan Outcomes and Priorities**

- Inspire healthy, independent living
- Support more families and children to look after themselves, stay safe and well

We review our work programme at every meeting. Our focus in scrutiny is on tangible outcomes for the residents of Staffordshire, to use the data provided and members experience to debate and question the evidence, to provide assurance in what is being done and reassurance that matters within the health and care system are moving in the right direction. Scrutiny of an issue may result in recommendations for NHS organisations in the county, the County Council and for other organisations.
